Message from the Chairman

Dear Shareholders,

I am pleased to present you with the 55th Annual Report of your Company.

The financial year 2017-18 saw your Company undertake a strategic disinvestment of its domestic business to focus on the international API and formulation business backed by a strong R&D base. The last few years have seen a strong performance in the international markets, with the US formulation business showing robust growth. This growth has continued in the year under review and we are confident that this tactical disinvestment will reap rich dividends in the future and help to ensure the long-term success of your Company in the global pharma market.

The disinvestment of the Domestic Formulations business will allow us to focus our energies on US

and Europe. We have also successfully completed a buyback to share part of the proceeds from the sale with our loyal shareholders.

‘Quality and Reliability’ are not mere words but form an integral part of our DNA. Our world-class API and formulation capacities successfully cleared multiple inspections by regulatory bodies from across the globe during the year under review. These included the USFDA issuing Establishment Inspection Reports (EIR) for the formulations manufacturing facilities at Ghaziabad and Goa. We are confident that we will continue to surpass the stringent cGMP standards that are required for doing business in the regulated markets.

Our investments in R&D are showing results and the past year saw successful ANDA approvals from the USFDA for Piroxicam Capsules USP, Irbesartan and Hydrochlorothiazide Tablets USP and Losartan Potassium and Hydrochlorothiazide tablets USP.

During the year under review, Unichem filed 9 Abbreviated New Drug Applications (ANDAs) (including 2 First-to-File Para IV), 12 US Drug Master Files, and 2 Brazil dossiers. We believe that our investment in R&D will be a game-changer and will open the door to growth, including out-licensing opportunities in generics and biologics.

Our R&D efforts will be led by our State-of-the-Art R&D Centre of Excellence (CoE) in Goa that focuses on API Process Research, API Process Research Analytics, Formulation Development, Formulation Development Analytics and Clinical Research and Intellectual Property Management. With seamless technology transfer, testing and roll-out of new products, the CoE driven by over 300 scientists will enable us to augment our pipeline of ANDA and DMF filings in the regulated markets as we move ahead to address the global pharma opportunity.

Our Capex program funded by internal accruals continued during the year under review and the Company invested in modernization and expansion of its plants. The capex program will continue over the next two years for capacity enhancement across our plants. Unichem is today the preferred partner for many multinationals on the back of an uncompromising approach to quality. The modernization and expansion will lay the ground for transformation into an international business driven company.

Going forward, your Company will proceed with a renewed push in the regulated markets including US and Europe.

With more than 500 regulatory filings for APIs backed by our world class manufacturing facilities in Roha and Pithampur, we are confident of successfully improving our market share and taking your Company to the next level of growth.

During the year under review, Standalone Sales/Income from operations (Gross) increased to ₹66,973.05 lacs (continuing operations) from ₹57,702.28 lacs (continuing operations) in 2016-2017, registering a growth of 16.07%.

Consolidated Sales/Income from Operations (Gross) stood at ₹81,839.69 lacs (continuing operations) in 2017-2018 as compared to ₹69,866.67 lacs (continuing operations) in 2016-2017, registering an increase of 17.14%.

It gives me great pleasure to inform you that the Board of Directors of the Company has recommended a final dividend of ₹ 5/- per share (250 %). The dividend shall be paid, if approved by shareholders at the 55th Annual General Meeting.

I would like to thank all our stakeholders and our esteemed Board members for their guidance and support. I am also grateful to our customers, business associates, banks and financial institutions, and the medical fraternity who have reposed their faith in us. And it would be remiss of me if I did not extend my appreciation to our employees for their unparalleled energy and commitment, and their families for their unstinting support. I look forward to your continued support as we embark on this transformational journey.

Swachhata Pakhwada

Corporate Social Responsibility (CSR)

Your Company is actively involved in Corporate Social Responsibility (CSR) activities from many decades. Your Company undertakes various projects across India to do its part in benefiting society in education, health and sanitation sectors. It thrives to touch the lives of people making a positive impact. Below is a summary of the activities in which your Company engaged during the financial year 2017-2018.

Adiwasi Unnati Mandal (AUM)

Adiwasi Unnati Mandal (AUM) was founded by the late Shri Amrut Mody along with the late Shri Shantibhai Sheth in Shahpur Taluka in Thane district. Some activities undertaken were:

- (a) Your Company employees carried out a drive under “Swachhata Pakhwada” in co-ordination with Adiwasi Unnati Mandal on 21st and 23rd August 2017 at Anand Dighe High School, Shahpur and Mahuli Vibhag Madhyamik Vidyalaya, Chandroti, Shahpur. The topics covered were awareness on personal and menstrual hygiene, sanitation and environmental cleanliness. Interactive sessions with the students were held by the employees of Unichem. The importance of “SWACHH BHARAT” was highlighted. Around 400 students were covered under this project. This initiative was actively led by 15 female employees of your Company. 35 principals of schools in Shahpur were addressed on these initiatives and Unichem’s role in promoting the same.
- (b) OPD camps were regularly held on Sundays at AUM centers. Around 11,500 patients were given treatment.
- (c) Health and dental checkup camps were carried out in eight schools for students. All students were provided with dental kits.
- (d) 170 patients were operated upon for cataract and other eye diseases at Bombay City Eye Institute and Research Centre, Babulnath, Mumbai and dark glasses were provided to them. Around 1,100 needy people were also provided spectacles.
- (e) T.B., Leprosy and Epilepsy treatment were provided to patients every Sunday.
- (f) First Aid boxes were distributed to schools in various centers namely Shidpada, Sakurli, Padvalapada, Gunde, Thune, Kharid, Dolkhamb, Kharade, Temburli, Alyani, Shahapur, Kinavli, Vasind and Asangaon etc.
- (g) Around 11,500 books were provided to over 3,000 students of Std IV to VI of 31 schools. In addition to note

books, educational aids such as pencils, erasers, sharpeners, ball pens etc. were also provided.

- (h) Educational Awards were given to rank holders of Std X and XII in 75 schools of Shahpur Taluka.
- (i) A separate computer laboratory was set up at Bhaktisangam Vidyalaya, Dalkhan School, where room flooring was done, platform was constructed and six new computers with accessories were provided. The benefit of this computer laboratory will be available to around 200 students.
- (j) Overhead projectors and 9 audio systems were provided to various schools in the area.
- (k) 16 RO Plants were installed in 9 schools for clean drinking water.
- (l) Bicycles were provided to students of various schools for better attendance in school.

HEALTH AND SANITATION

Swachhata Pakhwada

With an aim to address health and sanitation issues and achieve the Prime Minister’s goal on Clean India by October 2, 2019, under the Swachh Bharat Mission, your Company observed Swachhata Pakhwada from August 16 to 31, 2017 across India.

More than 15 cleanliness drives were undertaken in Baddi, Ghaziabad, Kolhapur, Goa, Pithampur, Roha and Mumbai on a large scale for 15 days. These projects included cleaning Government schools, public areas, school for the blind, office premises, Government hospitals etc. Awareness sessions regarding not using plastic were also conducted in schools and other public areas. These drives were planned and executed solely by your Company employees. Active participation was shown by them throughout the process.

Vision Foundation of India

Your Company is associated with the Vision Foundation of India, an initiative created by Dr. Kulin Kothari and the Bombay City Eye Institute and Research Centre in 1993, with a vision to eradicate blindness and eye diseases from the marginalized sections of the society. Vision Foundation of India makes sure that people from underserved society get the best quality eye related surgeries and check-ups free of cost, using the latest technology. Your Company has been actively involved with these projects for the past few years.

Rotary Club of Bombay (Midtown)

Your Company, in association with the Rotary Club of Bombay (Midtown), is contributing towards pediatric care. These initiatives will give a new lease of life to some underprivileged Indian children.

Government High School and Industrial Area, Baddi

Your Company constructed two twin modular toilets in the Government High School, Baddi and surrounding industrial area. As a commitment to maintain the facility, water and electricity supply is provided in the toilets. Your Company has also completed the tiling of the assembly area of the school and renovation of the school kitchen.

EDUCATION

Amrut Mody College of Mass Communication and Journalism, Nadiad

Your Company continues its close association with the Amrut Mody College of Mass Communication and Journalism, Nadiad. Every year it contributes towards the welfare of students of the institute.

Muktangan

Muktangan is an innovative model of education located within mainstream Government schools providing quality, child-centered, inclusive English-medium schooling to

thousands of children in Mumbai coming from the underprivileged strata of the society. Your Company has been actively funding this project for many years.

Kreeda Prabhodini, Goa

Your Company provided sponsorships to Kreeda Prabhodini (non-profit organization) to conduct regular diet camps, scientific and medical screening of budding gymnasts.

Jagwati Devi Bishamber Sahai Memorial Trust - Primary Madhyamic School, Ghaziabad

Your Company has taken care of seating arrangements for students.

ENVIRONMENT PROTECTION

Pilerne, Goa

Your Company provided benches on footpaths and planted trees around them, towards beautification project conducted by the Government. These benches are currently serving as resting place for people, especially elderly.

Annexure to Notice

Statement setting out material facts pursuant to Section 102(1) of the Companies Act, 2013, (the Act).

Item Nos. 3 and 4

Dr. Prakash A. Mody was re-appointed as the Chairman & Managing Director of the Company for a period of five years with effect from July 1, 2013 upto June 30, 2018. The said appointment was approved by the Members at the Annual General Meeting (AGM) of the Company held on July 19, 2013, by way of an Ordinary Resolution.

Dr. Prakash A. Mody retires by rotation at the ensuing Annual General Meeting in terms of the provisions of Section 152 of the Act. The Act provides that Independent Directors are not subject to retirement by rotation and two-thirds of the remaining Directors shall be subject to retirement by rotation. Since all the Directors except Dr. Prakash A. Mody and Mr. Dilip Kunkolienkar (appointed as an additional and Whole time Director of the Company with effect from April 1, 2018 upto March 31, 2023, subject to the approval of the Members at the ensuing AGM and approval of the Central Government, if required, as more detailed under Agenda Item Nos. 5 and 6 of this Notice), are Independent Directors, Dr. Mody being the longest in the office since his last appointment, will retire by rotation and being eligible, offers himself for re-appointment.

Dr. Mody's appointment as the Chairman & Managing Director ends on June 30, 2018. Based on the recommendation of the Nomination and Remuneration Committee, and in respect of whom the Company has received a notice in writing from a Member in terms of Section 160 of the Act proposing his candidature for the office as the Chairman & Managing Director of the Company, the Board of Directors at its Meeting held on May 29, 2018, re-appointed Dr. Mody as the Chairman & Managing Director of the Company for a period of five years with effect from July 1, 2018 upto June 30, 2023, subject to the approval of the Members at the ensuing AGM and approval of the Central Government, if required.

As per the clarification issued by the Department of Company Affairs (Int. Circular No. 3(No.8/16(1)/61-PR, dated May 9, 1961) under the Companies Act, 1956 (said Act), in relation to appointment of Managing Director "an MD's office as MD does not suffer any break if he retires as a Director under Section 255 of the said Act and is re-elected as Director in the same Meeting."

Upon his re-appointment as a Director, Dr. Mody shall continue to hold office as the Chairman & Managing Director of the Company.

Details as required under Regulation 36 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

Dr. Prakash A. Mody is the Chairman & Managing Director of Unichem Laboratories Limited. He is the son of founder promoter, the late Mr. Amrut Mody. After graduating, he completed his post graduation at University of Mumbai. He has done his PhD in organic chemistry. He is also a Graduate Alumni of Harvard Business School.

He is the past president of the Indian Pharmaceutical Alliance; the industry body representing research based National Pharmaceutical Companies.

Dr. Mody is the Chairman of the Corporate Social Responsibility Committee and Member of the Company's Stakeholders'

Relationship Committee. He holds 3,24,19,392 equity shares of the Company. Dr. Mody is not related to any Director of the Company. He is also a Director of the Company's Wholly Owned Subsidiary, Unichem Pharmaceuticals (USA) Inc. Dr. Mody is an Independent Director of Kewal Kiran Clothing Limited and is a member of the Nomination and Remuneration Committee of the said Company.

The Board of Directors is of the opinion that the knowledge and vast experience of Dr. Mody will be of immense benefit to the Company. Dr. Mody's re-appointment, terms and conditions and remuneration require approval of the Members at the ensuing AGM, and are subject to the approval of the Central Government. The Board recommends the Resolutions at Agenda Item Nos. 3 and 4 for your approval.

(III) OTHER INFORMATION**1. Reasons of loss or inadequate profits**

On December 14, 2017 the Company sold and transferred its business of manufacture, sale, marketing and distribution of domestic formulations in India and Nepal, together with all specified tangible and intangible assets, contracts, rights, personnel and employees, data and records, inventory and other assets and liabilities by way of slump sale on a going

concern basis, to Torrent Pharmaceuticals Limited, upon terms and conditions, as mutually agreed by the Parties.

The Company now focuses on the international market and Research & Development (R & D), with enhanced investment in R & D.

On account of the above, it is expected that there will be loss/inadequacy of profits as per Section 198 of the Companies Act, 2013 for payment of managerial remuneration.

2. Steps taken or proposed to be taken for improvement

The Company proposes to

- focus attention on all aspects of the international business including finished formulations, API, contract manufacturing and contract research;
- increase its investments in R&D in the New Chemical and Biological Entities (NCE & NBE), Bio-similars and complex generics;
- control operating expenses and overheads across the organization; and
- initiate various measures towards achieving organizational and operating efficiencies and strengthening core competencies.

3. Expected increase in productivity and profits in measurable terms

In addition to steps proposed to be taken for improvement as detailed hereinabove, key focus areas would be profit maximization, conservation of cash, operational efficiencies, cost and working capital containment. While it is difficult to give precise figures, the above initiatives are expected to improve further the productivity and profitability.

IV. DISCLOSURES

The disclosures on remuneration package of each managerial person and details of all elements of remuneration package, details of fixed components etc. are given in the Notice above and the Corporate Governance Report.

Directors and Key Managerial Personnel

Dr. Prakash A. Mody is the Chairman & Managing Director of the Company.

Dr. Prakash A. Mody (DIN 00001285) was re-appointed as Chairman & Managing Director of the Company for a tenure of five years with effect from July 1, 2013 upto June 30, 2018 and approval of the members of the Company was duly obtained at the Annual General Meeting of the Company held on July 19, 2013. The tenure of his appointment will end on June 30, 2018. In accordance with the recommendation of the Nomination and Remuneration Committee, the Board of Directors of the Company at its meeting held on May 29, 2018, re-appointed Dr. Prakash A. Mody as the Chairman & Managing Director of the Company for a period of five years with effect from July 1, 2018 upto June 30, 2023, subject to the approval of the Members at the ensuing AGM and approval of the Central Government, if required.

The Board of Directors at its meeting held on March 31, 2018, based on the recommendation of the Nomination and Remuneration Committee appointed Mr. Dilip Kunkolienkar, (DIN 02666678) as an Additional Director of the Company with effect from April 1, 2018, to hold office upto the date of the ensuing Annual General Meeting wherein he is proposed to be appointed as a Director of the Company, liable to retire by rotation.

At the said Board meeting Mr. Kunkolienkar was also appointed as a Whole Time Director of the Company designated as Director Technical, for a period of five years with effect from April 1, 2018 upto March 31, 2023, subject to the approval of the Members at the ensuing AGM and approval of the Central Government, if required.

Dr. Prakash A. Mody retires by rotation at the ensuing AGM in terms of the provisions of Section 152 of the Act. The Act provides that Independent Directors are not subject to retirement by rotation and two thirds of the remaining Directors shall be subject to retirement by rotation. Since all the Directors except Dr. Mody and Mr. Kunkolienkar are Independent Directors, Dr. Mody being longest in office will retire by rotation and being eligible offers himself for re-appointment.

Mr. Ramdas Gandhi, Independent Director of the Company resigned with effect from May 29, 2018 due to advanced age. The Board places on record its deep appreciation for the services rendered by Mr. Ramdas Gandhi during his tenure with the Company.

Mr. Prafull Anubhai, Mr. Prafull Sheth and Mr. Anand Mahajan's first term as Independent Directors of the Company will expire on March 31, 2019. Based on the recommendation of the Nomination and Remuneration Committee and the Board of Directors, it is proposed to re-appoint Mr. Prafull Anubhai, Mr. Prafull Sheth and Mr. Anand Mahajan as Independent Directors, for a second term of five consecutive years with effect from April 1, 2019 upto March 31, 2024.

All Independent Directors have furnished declarations that they meet the criteria of independence as laid down under Section 149 (6) of the Act and the Listing Regulations.

Attention of the Members is invited to the relevant items in the Notice of the AGM seeking your approval to the aforesaid appointment/ re-appointments. The information required under Regulation 36 of the Listing Regulations is provided in the Notice of the 55th AGM and the statement annexed thereto.

Dr. Prakash A. Mody, Chairman & Managing Director, Mr. Rakesh Parikh, Chief Finance & Compliance Officer and Ms. Neema Thakore, Head - Legal & Company Secretary were the Key Managerial Personnel during the financial year.

Directors' Responsibility Statement

To the best of their knowledge and belief and according to the information and explanations obtained by them, your Directors make the following statements in terms of Section 134 (3) (c) of the Act:

1. that in preparation of annual accounts for the year ended March 31, 2018, the applicable accounting standards have

been followed and no material departures, have been made from the same;

2. that such accounting policies have been selected and applied consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company as at March 31, 2018 and profit/loss for the year ended on that date;
3. that proper and sufficient care has been taken for the maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities;
4. that the annual accounts have been prepared on a going concern basis;
5. that the internal financial controls were in place and that they were adequate and operating effectively; and
6. that systems to ensure compliance with the provisions of all applicable laws were devised and such systems were adequate and operating effectively.

Board Evaluation

Pursuant to the provisions of the Act and the Listing Regulations, performance evaluation of the Board, its Committees, the Chairman & Managing Director and the Independent Directors was carried out. The manner in which the evaluation is carried out has been explained in the Corporate Governance Report.

Remuneration Policy

The Board, on the recommendation of the Nomination and Remuneration Committee, has adopted a policy for selection, appointment and remuneration of Directors, Key Managerial Personnel and Senior Management. The details of this Policy are provided in the Corporate Governance Report.

Meetings

During the year, eight Board Meetings were held, the details of which are given in the Corporate Governance Report.

Audit Committee

The constitution of the Audit Committee, its scope, role and terms of reference are as per the provisions of the Act, the Rules made thereunder and the Listing Regulations. All the recommendations made by the Audit Committee were accepted by the Board of Directors. Pursuant to the resignation of Mr. Ramdas Gandhi, Independent Director and member of the Audit Committee, with effect from May 29, 2018, the said Committee has been re-constituted, details of which are provided in the Corporate Governance Report.

Whistle Blower Policy

The Company has in place a Whistle Blower/Vigil Mechanism through which its Stakeholders, Directors and Employees can report genuine concerns about unethical behaviour and actual or suspected fraud or violation of the Company's 'Code of Business Conduct and Ethics'. The said Policy provides for adequate safeguards against victimization and also direct access to the Audit Committee. The e-mail id for reporting genuine concerns is whistleblower@unicemlabs.com

Significant and Material orders passed by the Regulators/Courts/Tribunals

No significant or material orders were passed by the Regulators or Courts or Tribunals which impact the Company's going concern status and its operations in the future.

However, the Board of Directors would like to inform that on July 9, 2014, the European Commission decided to impose an unjustified fine of € 13.97 million, jointly and severally on the Company and its subsidiary Niche Generics Ltd., (Niche) contending that they have acted in breach of EU competition law as Niche had, in early 2005 (when the Company was only a part owner and financial investor in Niche) agreed to settle a financially crippling patent litigation with Laboratories Servier. The Company vehemently denies any wrongdoing on the part of either itself or Niche. Both the Company and Niche have submitted appeals in September 2014, to the EU General Court seeking appropriate relief in the matter. Your Company has challenged this order and the proceedings are currently ongoing.

Material changes and commitment, if any, affecting the financial position of the Company from the end of the financial year till the date of this Report

There have been no material changes and commitments, affecting the financial position of the Company between the end of the financial year to which the Financial Statements relate and the date of this Report.

Related Party Transactions

During the year under review, approval of the Audit Committee and Board of Directors was sought for Related Party Transactions wherever required.

The Audit Committee has given prior approval for all Related Party Transactions. The Policy on Related Party Transactions (Policy) as approved by the Board is uploaded on the Company's website and the weblink is provided in the Corporate Governance Report. The Board of Directors of the Company has approved the criteria for omnibus approval of Related Party Transactions by the Audit Committee within the overall framework of the Policy.

The particulars of contracts or arrangements with Related Parties referred to in Section 188(1) of the Act are provided, in the prescribed Form AOC - 2 annexed as Annexure C to this Report.

Except to the extent of the shares held in the Company and the remuneration if any, drawn from the Company, none of the Directors and Key Managerial Personnel have any pecuniary relationships or transactions *vis-à-vis* the Company.

Disclosure under the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013

The Company has in place a policy on Prevention, Prohibition and Redressal of Sexual Harassment at the Workplace in line with the requirements of The Sexual Harassment of Women at the Workplace (Prevention, Prohibition and Redressal) Act, 2013. An Internal Complaints Committee (ICC) has been set up to redress complaints received regarding sexual harassment. The policy has set guidelines on the redressal and enquiry process that is to

be followed by complainants and the ICC, whilst dealing with issues related to sexual harassment at the workplace. Human Resources and Employee Relations

Kindly refer to the write up in the section. Management Discussion and Analysis.

Quality and Environment

Your Company's mission envisages a strong sense of commitment to work by being a caring pharmaceutical company, which will continuously strive to enhance health through quality products. Your Company aims at consistently providing products that meet customer needs as well as national and international

regulatory requirements, as may be applicable. Your Company has been steadily raising the bar, setting higher goals for incremental performance and enlarging the scope of its initiatives. The environmental policy of your Company emphasizes at being a caring Company, which shall protect and promote the environment by complying with applicable environmental regulations and preventing pollution in all its operations.

Various initiatives are taken at your Company's manufacturing locations to reduce waste across the plants and reduce usage of paper by recycling waste paper. Training programs are organized from time to time to create environmental awareness amongst the employees. To conserve water, your Company has devised various water saving methods which are monitored on a day to day basis.

Your Company continues to strive for energy saving and conservation of natural resources. In all its Active Pharmaceutical Ingredient (API) Plants your Company has installed online effluent monitoring equipment which is connected to the system of the Central Pollution Control Board.

Your Company is in the process of commissioning advanced Effluent Treatment Systems to control the usage of polluted effluent which will improve quality of effluent discharge. Your Company has initiated a study to install a cleaner form of energy, namely solar energy.

At the manufacturing units, several green initiatives have been undertaken, most significant being soil conservation, recycling of treated effluent water and using solar energy for street lighting.

Corporate Social Responsibility (CSR)

Your Company believes in the philosophy of giving back. Being in the pharmaceutical industry your Company's primary focus is healthcare. Education, sanitation, protection of environment, general welfare and development are the other areas in which your Company concentrates its CSR activities. While the focus of CSR efforts will be in the areas around the Company's locations, the Company may also undertake projects looking into other societal needs. The CSR policy is available on the website of the Company and the Annual Report on CSR activities, as required under Section 135 of the Act, is annexed as Annexure I to this Report. The Company would also undertake other need based initiatives in compliance with Schedule VII to the Act.

During the year under review, the total amount to be spent on CSR was ₹ 272.99 lakhs. The Company spent ₹ 92.49 lakhs which is 0.67 % of the average profits, for the last three financial years. Balance amount of ₹ 180.50 lakhs remained unspent.

The Company could not spend the balance amount since it is in the process of identifying appropriate CSR programs/projects in line with its CSR policy. Further, certain funds even though allocated to approved educational and health projects by the CSR Committee, were not disbursed since there was no requirement for these funds from the organizations/institutions during the year under review.

The Company plans to scale up its CSR activities in areas of education, health, environment protection, sanitation, general welfare and development activities in a structured manner to meet the objectives of its CSR policy in the coming years.

Business Responsibility Report

Regulation 34(2) of the Listing Regulations, *inter alia*, provides that the Annual Report of the Top 500 listed entities based on market capitalization (calculated as on March 31 of every financial year), shall include a Business Responsibility Report ("BRR"). Since your Company, does not feature in the Top 500 listed entities as per market capitalization as on March 31, 2018, the Business Responsibility Report for the financial year 2017-2018 does not form a part of the Annual Report.

Health and Safety

Health and Safety issues are addressed systematically, effectively and proactively. Your Company takes pride in providing various forms of medical assistance to the families of its employees. Periodic health check-ups are carried out for all employees and regular training programs are organized on safety and precautionary measures. Fire fighting training programs and first aid training camps are organized regularly to educate workers and employees at the plant locations and corporate office.

Acknowledgement

Your Directors acknowledge the support and wise counsel extended to the Company by analysts, bankers, Government agencies, shareholders, investors, suppliers, distributors,

stockists, employees and others associated with the Company as its business partners. Your Directors also acknowledge the trust reposed in the Company by the medical fraternity and patients. We look forward to having the same support in our mission to enhance health through quality products.

Cautionary Statement

Statements in this Directors' Report and Management Discussion and Analysis describing the Company's objectives, projections, estimates, expectations or predictions may be "forward-looking statements" within the meaning of applicable securities laws and regulations. Actual results could differ materially from those expressed or implied. Important factors that could make a difference to the Company's operations include raw material availability and prices, cyclical demand and pricing in the Company's principle markets, changes in Government regulations, tax regimes, economic developments within India and the countries in which the Company conducts business and other ancillary factors.

For and on behalf of the Board of Directors,

Form No. MR. 3

Pursuant to Section 204(1) of the Companies Act, 2013 and Rule 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014

To,
The Members
Unichem Laboratories Limited

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Unichem Laboratories Limited (hereinafter called "the Company"). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conduct/statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's statutory registers, books, papers, minute books, forms, returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended March 31, 2018 complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended March 31, 2018 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the Rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 (SCRA) and the Rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the Rules and Regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 (SEBI Act):
 - (a) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015;
 - (b) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (c) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (d) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009;
 - (e) The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999 and The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014;
 - (f) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008: Not applicable as the Company has not issued any debt securities during the year under review;
 - (g) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act, 2013 and dealing with client;
 - (h) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009: Not applicable as the Company has not delisted/nor proposed to delist its equity shares during the year under review and
 - (i) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998
- (vi) Based on the representation made by the management of the Company, the following Laws were/are specifically applicable to the Company:
 1. Drugs and Cosmetics Act, 1940
 2. Drugs Pricing Control Order, 2013
 3. The Pharmacy Act, 1948
 4. Trade Marks Act, 1999
 5. Indian Copyright Act, 1957
 6. The Drugs and Magic Remedies (Objectionable Advertisement) Act, 1954
 7. The Narcotic Drugs and Psychotropic Substances Act, 1985 and
 8. Food Safety and Standards Act, 2006

The Company has complied with abovementioned specific applicable Laws, Rules, Regulations and Guidelines and other applicable general Laws, Rules, Regulations and Guidelines.

We have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards with respect to Board Meetings (SS-1) and General Meetings (SS-2) issued by The Institute of Company Secretaries of India and

- (ii) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

During the period under review the Company has complied with the provisions of the Acts, Rules, Regulations, Guidelines and Standards etc as mentioned above and there are no material non-compliances that have come to our knowledge. We further report that:

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. No changes in the composition of the Board of Directors took place during the period under review.

Adequate notice is given to all Directors to schedule Board Meetings. Agenda and detailed notes on agenda were sent atleast seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the Meeting and for a meaningful participation at the Meeting.

The Minutes of the Board Meetings have not identified any dissent by members of the Board, hence we have no reason to believe that the decisions by the Board were not approved by all the Directors present.

We further report that during the audit period no material events/actions have taken place that have a major bearing on the Company's affairs in pursuance of the above referred Laws, Rules, Regulations, Guidelines and Standards.

We further report that based on review of compliance mechanism established by the Company and on the basis of the compliance certificates issued by the Company Secretary and the various functional heads and taken on record by the Board of Directors at their Meeting(s), we are of the opinion that the Company has adequate systems and processes commensurate with its size of operations, to monitor and ensure compliance with all applicable Laws, Rules, Regulations and Guidelines.

We further report that during the audit period the following event/action has taken place, having a major bearing on the Company's affairs in pursuance of the above referred Laws, Rules, Regulations, Guidelines and Standards:

- (a) Approval of shareholders was sought through Postal Ballot on December 6, 2017, for sale and transfer of the Company's business of manufacture, sale, marketing and distribution of domestic formulations in India and Nepal, as agreed between the Parties by way of a slump sale on a going concern basis, to Torrent Pharmaceuticals Limited. The transaction was completed on December 14, 2017.
- (b) Approval of shareholders was sought through Postal Ballot on February 9, 2018 to buyback 2,06,00,000 Equity Shares (being less than 25% of the paid up equity share capital of the Company) at a price of ₹ 430/- (Rupees four hundred thirty only) per Equity Share, payable in cash, aggregating to an amount of ₹ 885,80,00,000 (Rupees eight hundred eighty five crores eighty lakhs only) on a proportionate basis through a tender offer route in accordance with the Securities and Exchange Board of India (Buy Back of Securities) Regulations, 1998, the Companies Act, 2013 and the rules made thereunder, as amended.

a. Conservation of Energy

(i) Steps and impact:

- Replacement of street lights with LED fixtures.
- Improved natural illumination to reduce power consumption.
- Maintaining the power factor at 0.99 to avail rebate on electricity bill.
- Arrested leakage in terms of steam, water and compressed air.
- Using HVFO instead of Furnace Oil as a fuel.
- External chemical cleaning of chilled and hot water coils for better heat transfer and to avoid losses.
- During winter season the ambient condition is used to minimize the running hours of the chillers.
- Replacement of old non energy efficient Air Handling Units (AHU) with double skin insulated AHUs with Variable Frequency Drive (VFD) driven motors and plug fans.
- Replaced the PVC fills of cooling towers to improve the efficiency of cooling tower and thereby achieve the desired temperature in peak season.
- Rain water harvesting commissioned at plants.

(ii) Steps taken by the Company for utilizing alternate sources of energy:

The Company has started working on possibilities of installing Solar Energy Generation plants at some of its facilities to utilize solar power partly as an alternate source of power and to reduce the power purchased from the grid.

(iii) Capital investment on energy conservation equipment: ₹ 55.80 lakhs

b. Technology Absorption

(i) Efforts towards technology absorption:

The technologies developed by the Research and Development (R&D) department of the Company have been commercialized and adopted by the Company's manufacturing facilities subject to permissions and approvals from the concerned regulatory authorities. At its State of the Art R&D facility at the Centre of Excellence, Goa, the Company has especially invested in prototype plant equipments in its Kilo Lab and Formulation Development Lab where plant simulation experiments are carried out. This helps to anticipate and address scale up issues that the laboratory developed process may face in the Plant during technology transfer exercise.

In addition, Quality by Design (QbD) trials are performed in these laboratories to define the design space within which the process can be safely scaled up and operated in the Plants.

The R&D efforts streamlined by effective Project Management coupled with dedicated Pilot Plant facilities across API & Formulation plants have seen ramping up of the output from R&D resulting in increased number of DMF, Dossier and Abbreviated New Drug Application (ANDA) filings in regulated markets.

(ii) Benefits derived:

- Launching of new products at the right time in International as well as Domestic markets in various therapeutic segments.
- Approval of first ANDA under Para IV certification by the USFDA.
- Successful filing of "First To File ANDA" with Para IV certification, on NCE-1 date.
- Products developed for the International market will result in increased business to the Company in current and future years.
- Reduction in the number of regulatory queries leading to speedy approvals.
- R&D in biotechnology has resulted in consistent and cost-effective processes for four Biosimilar products.
- Biosimilar and fermentation-based products under development for Indian and International markets will result into new business opportunities for the Company in the biotechnology sector in future years.
- Leveraging recombinant enzyme technology to carry out some of the chemical transformations like stereo specific reduction, stereo specific reductive amination leading to substantial raw material cost savings and greener technologies.
- Filing of patent applications.
- Established Complex generics development facility for development and filing of high value niche products.
- Bio study success rate improved substantially with the help of In-house Technical expertise and In-vivo-In-vitro correlation tools.
- Injectable Product Development initiated to diversify product portfolio

(iii) Information regarding imported technology (imported during the last three years reckoned from the beginning of the financial year):

The Company has not imported any technology.

(iv) Expenditure incurred on Research and Development:

The Company has incurred a total expenditure of ₹ 12,742.75 lakhs (includes capital and recurring expenses) towards Research and Development.

c. Foreign Exchange Earnings and Outgo

The details of foreign exchange earnings and outgo are given in the notes to the accounts.

7. In case the Company has failed to spend two percent of the average net profit of the latest three financial years or any part thereof, the Company shall provide the reasons for not spending the amount in the Directors' Report

The Company has been engaged in CSR activities since many years. During the year under review, the total amount to be spent was ₹ 272.99 lakhs. The Company spent ₹ 92.49 lakhs on CSR which is 0.67% of the average profits, for the last 3 (three) financial years. Balance amount of ₹ 180.50 lakhs remained unspent. The Company could not spend the balance amount since it is in the process of identifying appropriate CSR programs/projects in terms of its CSR policy. Further, certain funds even though allocated to approved educational and health projects by the CSR Committee were not disbursed since there was no requirement for these funds from the organizations/institutions during the year under review.

The Company plans to scale up its CSR activities in areas of education, health and other areas in a structured manner to meet the objectives of its CSR policy in the coming years.

8. Responsibility statement on behalf of the CSR Committee that the implementation and monitoring of the CSR policy is in compliance with CSR objectives and policy of the Company

The Responsibility Statement of the CSR Committee of the Board of Directors of the Company is reproduced below:

"Unichem's CSR projects/programs are entrenched in the way we do business and are guided by our corporate mission, values and aspirations. The implementation and monitoring of the CSR projects is in compliance with the provisions of Section 135 of the Companies Act, 2013."

Management Discussion and Analysis

GLOBAL PHARMA MARKET

The pharmaceutical industry is one of top five in the global economy. The pharmaceutical industry is likely to triple in size by 2060 on an inflation-adjusted basis (Source: Torrey-Global Pharma Industry Study 2017-2018) propelled by several global demographic and economic trends that include an aging world population and a rise in the prevalence of chronic diseases brought on by increased urbanization and changing food habits along with a growing middle class with higher disposable incomes. The total global spend for pharmaceuticals is estimated to increase by \$367 billion through 2021 on a constant-dollar basis, driven by increasing wealth across the world (Source: IQVIA 2017-2018). The growth is also likely to be boosted by increased government spending on enhanced medical infrastructure and a growing demand for more effective treatments, backed by public healthcare spending, rising patient awareness, and growing insurance coverage across the income pyramid.

At the same time, the global pharma landscape is evolving. While the global prescription drug market grew by just 0.8% in 2017 over the previous year, (Source: Euler Hermes Economic – Research, 2017-2018) due to the depreciation of the USD against most other currencies, especially Asian ones, the US remains the largest outlet for pharmaceuticals with a world market share of 33%. The Indian pharmaceuticals industry generates around 50 per cent of its revenues from exports. North America is also currently the Indian pharma industry's largest market, accounting for over 31% of total exports. The other regulated markets like China, Japan, EU, UK and Brazil follow. The Indian pharmaceutical industry is expected to touch US\$ 55 billion by 2020 (Source: PHARMEXCIL, 2017-2018) and pharmaceutical export from India stood at US\$ 16.84 billion in 2016-17 and is expected to reach US\$ 20 billion by the year 2020. Source: (PHARMEXCIL, 2017-2018)

Spending on prescription medicines in the United States is expected to increase 4-7% through 2021, reaching \$580 billion to \$610 billion, according to a report released by IQVIA, 2017-2018. This is leading governments around the world to increase controls on drug prices as this is an important way of keeping medicines affordable for patients. With patients wanting the most recent medicines from their physicians, growth will continue to be driven by major innovations which will have positive implications for the health of the global population.

Though drug spending shows resilience irrespective of the economic cycle, there are challenges facing pharma companies targeting the global market that include a closer scrutiny and more stringent regulatory requirements as well as a complex stakeholder environment with difficult market access and changing behavior and communication preferences among both healthcare professionals and

patients. On the regulatory front, we are seeing shared activities across agencies. The FDA and the European Marketing Agency (EMA) agreed to share their ability to do inspections and to share inspection reports, and this trend may see an increase, especially in the emerging markets where agencies will rely on the decisions of other competent agencies to help expedite the review of medicines. This will also influence drug development because new drugs will be first aimed at countries that will generate the first approvals that will be picked up by other countries that rely on these approvals.

At Unichem, we are mindful of the regulatory risk and have policies and procedures in place to mitigate these risks. We have successfully maintained the high quality standards as per the cGMP guidelines issued by USFDA. During the year under review, your Company's facilities at Ghaziabad and Goa, received Establishment Inspection Reports from the USFDA, allowing us to continue uninterrupted supply to the US market.

On the research and development (R&D) front, pharma is also facing rising expenditure consequent to new opportunities in the specialty generic segment and rise of the biotechnology sector. Research methods are evolving with possibilities offered by personalized medicines to the potential insights and breakthroughs from use of big data. These sectors are reaching maturity and globalization with companies increasingly looking to India for manufacturing. Unichem is well poised to succeed with a strategic investment in R&D through a holistic approach that addresses every aspect of R&D including strategy, process and funding.

ACTIVE PHARMACEUTICAL INGREDIENTS (API)

Import of API's from China potentially exposes the domestic industry to raw material supply disruptions and pricing volatility. With the increase in API prices by Chinese manufacturers due to labor costs going up, India today has the opportunity to move forward in the manufacture of APIs and intermediates for the global as well the domestic market by building on the cost advantage and supply reliability which are major buying criteria for customers.

DOMESTIC PHARMACEUTICAL MARKET

The Indian pharmaceutical market is fragmented with thousands of manufacturers who are operating in a very competitive market. In addition to this, the Government has been expanding price controls to a larger range of drugs and medicines. Growth in the domestic market has slowed down and this had impacted our growth trajectory in the last couple of years. Some of the factors affecting the domestic market include increasing regulation and price control, restrictions on marketing to and engaging with doctors and patients along with a shift in balance of power towards pharmacists.

UNICHEM'S PERFORMANCE

During the year under review, the Company sold and transferred its business of manufacture, sale, marketing and distribution of domestic formulations in India and Nepal, and the manufacturing facility at Sikkim together with all specified tangible and intangible assets, contracts, rights, personnel and employees, data and records, inventory and other assets and liabilities as agreed between the parties in relation to the said business by way of slump sale on a going concern basis, to Torrent Pharmaceuticals Limited.

During the year under review, Standalone Sales/Income from operations (Gross) increased to ₹ 66,973.05 lakhs (continuing operations) from ₹ 57,702.28 lakhs (continuing operations) in 2016-2017, registering a growth of 16.07%. Consolidated Sales/Income from Operations (Gross) stood at ₹ 81,839.69 lakhs (continuing operations) in 2017-2018 as compared to ₹ 69,866.67 lakhs (continuing operations) in 2016-2017, registering an increase of 17.14%.

RESEARCH AND DEVELOPMENT

R&D is the core which will power Unichem's future growth through a dual strategy of development of patent non-infringing processes for APIs and development of Novel Drug Delivery Systems (NDDS). The Centre of Excellence in Goa, fueled by over 300 scientists including over 30 PhDs, is the place where the potential of Unichem is brought to life. Offering the most conducive environment for value added research, the R&D has to date developed novel, innovative and efficient processes for 60+ new generation molecules and 48+ ANDAs in various therapeutic categories. The R&D centre boasts of a strong synthesis and analytical team with the latest facilities at their disposal. The Formulations R&D has State-of-the-Art Facilities to undertake formulation development of tablets, capsules, liquid orals, creams, ointments and, a separate facility for injectable and Pre-formulation laboratories to carry out drug-excipient compatibility studies and physical characterization of API. Plant simulation experiments designed by Process engineers help to anticipate and address scale up issues that the laboratory developed processes may face in the plant during technology transfer exercise.

The R&D centre also undertakes formulation services on contract research and development projects for a number of leading global pharmaceutical companies. The R&D centre is also responsible for formulation development and ANDA filings following Quality by Design (QbD) protocol as laid down by the US FDA.

The R&D centre also has biosimilar products at various stages of development that use Recombinant DNA technique, fermentation based products and Monoclonal Anti Bodies (mAb).

The R&D efforts have borne fruit with a ramp up of the output from R&D resulting in increased number of DMF, Dossier and ANDA filings in regulated markets.

In the year under review, Unichem filed 9 Abbreviated New Drug Applications (ANDAs) (including 2 First-to-File Para IV), 12 US Drug Master Files and 2 Brazil dossiers. We believe that our investment in R&D will be a game-changer, and will open the door to growth, including out-licensing opportunities in generics and biologics.

Today, our investment in R&D is around 19% of standalone revenues which is higher than the industry average.

INFRASTRUCTURE

Built on the foundation of quality and reliability, your Company has made significant investments in building infrastructure to support its international growth strategy. With State-of-the-Art world-class development and manufacturing infrastructure, Unichem delivers value to its customers globally.

Your Company is well placed to succeed with its R&D centre and manufacturing plants for API and formulations that are approved by regulatory authorities including the USFDA, UK MHRA, ANVISA (Brazil), COFEPRIS (Mexico), PMDA (Japan), TGA (Australia), MCC (South Africa), KFDA (Korea), EDQM (European Directorate for the Quality of Medicines) and Health Canada. Your Company's subsidiaries in the US and Europe gives it the foothold to enter and drive business in the regulated markets.

INTERNATIONAL FORMULATIONS

Your Company continued to perform well in its international formulations business despite the challenges of pricing pressure consequent to consolidation of bargaining power of the pharmacy chains and higher competition from new companies entering the US market. The USFDA has also announced that it will unveil an overhaul to its approval process during the current year which should help bring more drugs to market and increase competition. With the USFDA continuing to approve higher number of ANDAs to bring down prices, pricing pressure is expected to continue in the short term.

Emerging markets represent an exceptional opportunity for the pharmaceutical industry, and your Company's success and experience in the developed markets gives it an edge in these markets. These include the BRICS emerging markets (Brazil, Russia, China, and South Africa) and MIST (Mexico, Indonesia, South Korea, and Turkey). Sales of the pharmaceutical markets in BRICS and MIST countries have doubled in 5 years, reaching a market share of approximately 20%. (Source: Current Therapeutic Research Vol. 86, 2017)

The emerging markets are gaining importance due to the large populations, growing prosperity, and increasing life expectancy in these countries, especially the BRICS and MIST countries. Rapid growth can also be expected in some smaller economies in Eastern Europe, South East Asia, Latin America and the Middle East and your Company plans to target emerging markets in these territories too. However, challenges and volatility exists in Emerging Markets. These include the dangers of pricing competition from substandard drugs due to limited vigilance of good manufacturing practices leading to an increase in morbidities and mortalities as well as antimicrobial resistance. The volatility in the price of oil is affecting these economies and coupled with stability issues of the governments in these markets, present challenges for pharma companies intending to succeed in emerging markets. Your Company, through its Emerging Markets division, ACASIA, is targeting the growing opportunities on offer in these emerging markets.

Your Company is leveraging its manufacturing expertise and through its wholly owned subsidiaries in UK, USA, Brazil, South Africa and Ireland will focus on supply of high value added generics as the partner of choice to global generic companies.

ACTIVE PHARMACEUTICAL INGREDIENTS

Your Company is primed to build on its position in the global API market through strong compliant quality systems. Focusing on operational excellence, your Company will focus on manufacture of intermediates and APIs to help achieve self-sufficiency and security of supply. By investing in R&D, your Company will also work towards investing in next-generation APIs with the aim of being at the forefront of these technologies and differentiate Unichem from other players.

The opportunities in the API space are growing, with branded drug sales coming off patent and an increasing number of successful patent challenges made by generic companies. Your Company also intends to ramp up its capabilities and capacities in APIs and intermediates manufacture to service its fast growing US formulations business.

While commoditization, combined with regulatory and pricing reforms in regulated and unregulated markets, is increasing pressure on formulations pricing. Your Company is well poised to face the challenges as it manufactures a range of APIs which are used for captive consumption for the regulated markets of US and Europe markets. This backward integration gives your Company an upper hand to remain cost competitive and gain market share. Your Company will continue with the vertical integration of the API business with the formulation business to make it more cost efficient.

Outlook

Going forward Unichem will:

- focus attention on all aspects of the international business including finished formulations, API, contract manufacturing and contract research;
- increase its investments in R&D in the New Chemical and Biological Entities (NCE & NBE), Bio-similars and complex generics;
- initiate various measures towards achieving organizational and operating efficiencies and strengthening core competencies

HUMAN RESOURCES

The pillars that hold up your Company and enable it to realize the goals and aspirations of its stakeholders as it rises higher is its 2200+ strong workforce. Your Company reaffirms its commitment to ensure its people initiatives are aligned with business objectives. Our tenets of Quality and Reliability continue to form the cornerstone of our Human Resource practices.

As in the past year, technology continues to be the fulcrum of our practices. Our best in class performance management system on SAP Success Factors has the entire organization under one platform. The system enables us to reinforce a transparent and fair performance driven organization culture. Moving ahead, implementation of a Learning Management System and Succession Planning will make HR processes more comprehensive and robust. Unichem is also making an effort to use the latest concepts in learning like artificial intelligence and virtual learning for upgrading our learning infrastructure. These initiatives will not only enhance efficiency of the trainings but will also add to the productivity at the fastest rate. Unichem has been certified by agencies like Life Sciences Sector Skill Development Council (LSSSDC, an endeavor of the NSDC) for skill development. Unichem can now use its facilities to impart trainings to its employees and also get them certified as per the standards laid down by LSSSDC. Our endeavor is to develop an integrated system, oriented towards development of talent management processes.

Unichem in its endeavor to simplify its policy framework, has harmonized its grade and compensation structure across all manufacturing locations. This reaffirms our commitment to One Unichem.

Your Company believes that people play a pivotal role in contributing to an organization's growth and success. Continuing its initiative to build people skills and capabilities through best-in-class training, your Company continued its Management Development Programs which have been designed for employees at different stages of their careers.

NEEV (for employees who are at the first rung of their career), UDAAN (targeted at developing the first and second rung of leadership) and LEAP (a program focusing at middle management professionals) continue to drive development and create a mindset of "Function to Business". Partnering with leading prestigious institutes like IMT Ghaziabad and Symbiosis Institute of Business Management ensures that the curriculum is relevant in the current dynamic business world.

As in the past year, employee communiqué in the form of a Townhall Meeting was conducted in the month of May, 2017. The leadership team shared the organization direction with the employees followed by a Q&A session. Your Company has strengthened the touch points at all levels and deepened the engagement with employees through Townhall Meetings in all locations.

In the townhall meeting, your Company launched its new core values of ICE and the behavioral indicators governing the values framework. Integrity, Collaboration and Execution Excellence are the new Unichem Values which will ensure that all Unichemites attain success through our value-driven culture. The new set of values were cascaded in all manufacturing locations across all employees. Your Company aims to inculcate a value driven culture so that our workforce can realize professional aspirations through our work values.

At Unichem it is our endeavor to create a harmonious work environment and this is reflected in your Company's industrial relations during the year under review.

The past year has seen the organisation making a new beginning through strategic decisions that are the harbingers of transformational change. The organisation has moved further along on its journey to transform and ready itself for the next level of growth to address global markets. In this challenging journey, our people practices are aligned to ensure that your Company carves its niche in the global pharmaceutical market.

INTERNAL CONTROLS

The Company's internal control systems are commensurate with the nature and size of its business operations. The internal control systems ensure (i) that transactions are authorized, recorded and reported diligently, (ii) compliance

with internal policies, procedures, (iii) to safeguard the assets of the Company, (iv) accuracy and completeness of accounting records, and (v) mitigating operational risk. An established and independent internal audit ensures (i) evaluation of effectiveness of internal controls, (ii) adherence to the policies and systems, (iii) mitigation of operational risks perceived for each area under audit and (iv) compliance of applicable statutory requirements. The Management duly considers and takes appropriate action on recommendations made by Statutory Auditors, Cost Auditors, Internal Auditors and the Independent Audit Committee of the Board of Directors.

RISKS & CONCERNS

Your Company has a Risk Management Policy to review and mitigate environmental, operational and business risks to safeguard its interest.

With a cohesive strategy to target the international pharma market in both regulated and emerging markets backed by strong R&D and a vertically integrated pharmaceutical business, your Company is well poised to create a sustainable competitive advantage in APIs and formulations. With the confidence garnered from a culture of quality and innovation and the unstinted support of our stakeholders, we look forward to the journey to a future of pharma fueled by new technologies and changing trends with unbridled excitement.

For and on behalf of the Board of Directors,

Dr. Prakash A. Mody

Corporate Governance Report

Compliance with the Code of Corporate Governance forms an integral part of the Company's philosophy. Unichem firmly believes that any meaningful policy on Corporate Governance must provide empowerment to the management of the Company and simultaneously create a mechanism of checks and balances that ensure that the decision making powers vested in the management are not misused and are exercised with care and responsibility to meet stakeholders' aspirations and societal expectations. The core principles of Corporate Governance i.e. trusteeship, transparency, empowerment, accountability and control form the cornerstone of Unichem's Corporate Governance philosophy. The Company continues to focus its resources, strengths and strategies to achieve the highest standards of Corporate Governance and endeavours to implement the Code of Corporate Governance in its true spirit.

As per the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (Listing Regulations) and applicable provisions of the Companies Act, 2013 (the Act), a report on Corporate Governance is detailed below:

The Company Secretary acts as Secretary to the Committee.

Nomination and Remuneration Committee

The composition of the Nomination and Remuneration Committee during the financial year 2017- 2018 is given in **Table -3**.

The terms of reference of the Committee are wide enough to cover matters specified for the Committee as given under Section 178 of the Act and Regulation 19 of the Listing Regulations. The said Committee met five times during the financial year namely April 1, 2017, May 30, 2017, August 9, 2017, January 8, 2018 and March 31, 2018.

The Company Secretary acts as Secretary to the Committee.

Nomination and Remuneration Policy

The Company's Nomination and Remuneration Policy considers human resources as its invaluable assets. The said Policy aims to pay equitable remuneration to all Directors, Key Managerial Personnel (KMP) and employees of the Company, to harmonize the aspirations of human resources consistent with the goals of the Company. The Remuneration Policy for all employees is designed to attract talented personnel and remunerate them fairly and responsibly, this being a continuous, ongoing exercise at each level in the organization.

Whole Time/ Managing Director

The Company pays remuneration by way of salary, perquisites and allowances (fixed component) and commission (variable component) to its Managing Director. A proper balance between fixed and variable component is aimed at. Salary is paid based on the recommendation of the Nomination and Remuneration Committee and as approved by the Board of Directors, subject to the approval of the shareholders within the limits stipulated by the Act and the Rules made thereunder. The remuneration paid to the Whole Time Director is determined keeping in view the industry benchmark and the relative performance of the Company compared to the industry performance.

Non-Executive Directors

Non-Executive Directors receive sitting fees for attending Meetings of the Board and its Committees as per the provisions of the Act and the Rules made thereunder. Besides payment of sitting fees and dividend on equity shares, if any, held by the Directors no other remuneration is paid to the Non-Executive Directors. The Nomination and Remuneration Committee may recommend to the Board, the payment of commission taking into account the evaluation of the performance of the Directors.

Key Managerial Personnel (KMP) and other Employees

The remuneration of KMP other than the Whole Time Director and other Senior Managerial Employees largely consists of basic salary, perquisites, allowances and performance incentives (wherever paid). Perquisites and retirement benefits are paid according to the Company policy. The components of the total remuneration vary for different grades and are governed by the industry pattern, qualification and experience, merits and performance of each employee. The Company while deciding the remuneration package takes into consideration the current employment scenario and remuneration package prevalent in the industry and peer group companies.

Performance evaluation

Pursuant to the provisions of the Act and Regulation 17 (10) of the Listing Regulations, the Board has carried out an annual performance evaluation of the working of its own performance, its Committees and the Directors individually. The performance evaluation of Independent Directors was done by the entire Board of Directors and in the evaluation, the Directors who were subject to evaluation did not participate. A structured questionnaire was prepared after taking into consideration inputs received from the Directors covering various aspects of the Board's/Committees' functioning.

The evaluation of the Directors was done on various parameters such as vision and strategy, Board participation, Board disclosures of interests, review of risk management policies, evaluating plans with reference to risk and return, Good Governance and Leadership skills. The Directors expressed their satisfaction with the evaluation process.

To,
The Members
Unichem Laboratories Limited

Independent Auditors' Certificate on Compliance with the Corporate Governance requirements under SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended)

1. Based on the engagement by the management of Unichem Laboratories Limited ('the Company'), we have examined details of compliance of conditions of Corporate Governance by the Company for the year ended 31st March, 2018 as stipulated in Regulations 17-27, clause (b) to (i) of Regulation 46 (2) and paragraphs C, D and E of Schedule V of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended) ('Listing Regulations') pursuant to the Listing Agreement of the Company with Stock exchange.

Management's Responsibility for compliance with the conditions of Listing Regulations

2. The compliance of conditions of Corporate Governance is the responsibility of the Management of the Company including the preparation and maintenance of all relevant supporting records and documents.

Auditor's Responsibility

3. Pursuant to the requirements of the Listing Regulations, it is our responsibility to provide a reasonable assurance whether the Company has complied with the conditions of Corporate Governance as stipulated in Listing Regulations for the year ended 31st March, 2018.
4. Our examination was limited to a review of procedures and implementation thereof adopted by the Company for ensuring the compliance of the conditions of Corporate Governance as stipulated in the said clause/Regulation as applicable. It is neither an audit nor an expression of opinion on the financial statements of the Company.
5. We conducted our examination in accordance with the Guidance Note on Reports or Certificates for Special Purposes (Revised 2016), issued by the Institute of Chartered Accountants of India ('ICAI'). The Guidance Note requires that we comply with the ethical requirements of the Code of Ethics issued by the ICAI.
6. We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC) 1, Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information and Other Assurance and Related Services Engagements.

Opinion

7. In our opinion and to the best of our information and according to explanations given to us and representations made by the Directors and management, we certify that during the year ended 31st March, 2018, the Company has complied with the conditions of Corporate Governance as stipulated in Listing Regulations as applicable mentioned in para 1 above.
8. We further state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

Restrictions on use

9. The certificate is addressed and provided to the members of the Company solely for the purpose of compliance with the requirement of the Listing Regulations and should not be used by any other person or for any other purpose. Accordingly, we do not accept or assume any liability or any duty of care for any other purpose or to any other person to whom this certificate is shown or into whose hands it may come without our prior consent in writing.

Independent Auditors' Report to the Members of Unichem Laboratories Limited

To

The Members of

Unichem Laboratories Limited

Report on the standalone financial statements

We have audited the accompanying standalone financial statements of Unichem Laboratories Limited ("the Company") which comprise the Balance Sheet as at 31st March 2018, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity, and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "standalone financial statements").

Management's responsibility for the standalone financial statements

The Company's Board of Directors are responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit of standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone financial statements are free of material misstatements.

An audit involves performing procedure to obtain evidence about the amount and the disclosures in the standalone financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the Statement that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the standalone financial statement.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on standalone financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with accounting principles generally accepted in India, of the state of affairs (financial position) of the Company as at 31st March 2018 and its profit (financial performance including other comprehensive income), its cash flows and changes in equity for the year ended on that date.

Other matters

- a) The figures for the year ended 31st March 2017 are based on the annual financial statements that were audited by the erstwhile auditors whose report dated 30th May, 2017 expressed unmodified opinion.

- b) As mentioned in note 46 of the standalone financial statements for the year ended 31st March 2018, during the year, the Company has transferred its domestic formulation business in India and Nepal (i.e. discontinued operations) to Torrent Pharmaceuticals Limited. Accordingly the previous year figures are regrouped into continuing and discontinued operations. These regrouped previous year figures are prepared and certified by the Management.
- Our opinion is not qualified in regard to the above matters.

Report on other legal and regulatory requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ('the Order') issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the Annexure I, a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143 (3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c. The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flow and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;
 - d. In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act;
 - e. On the basis of the written representations received from the directors as on 31st March, 2018 taken on record by the Board of Directors, none of the directors are disqualified as on 31st March, 2018 from being appointed as a director in terms of Section 164 (2) of the Act;
 - f. With respect to adequacy of internal financial controls system over financial reporting of the Company and operating effectiveness of such controls, refer to our separate report given in Annexure II; Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting; and
 - g. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements - Refer note 34 (j) & (v) and note 35 to the standalone financial statements; except certain claims made by the ex-employees whose services were terminated in earlier years and are not acknowledged as debts. The financial impact of these claims cannot be estimated. However in the opinion of the management, these claims are not tenable;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. There has been no delay in transferring amounts required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE I TO THE INDEPENDENTS AUDITOR'S REPORT FOR THE YEAR ENDED 31ST MARCH 2018

(Referred to in paragraph 1 under, Report on Other Legal and Regulatory Requirements section of our Report of even date)

- (i) In respect of fixed assets (property, plant and equipment and investment property):
- (a) The Company has maintained proper records showing full particulars including quantitative details and situation of fixed assets.
 - (b) The Company has a program of verification to cover all the items of fixed assets in a phased manner which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, certain fixed assets were physically verified by the management during the year. According to the information and explanations given to us, no material discrepancies were noticed on such verification.
 - (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties which are freehold are held in the name of the Company as at the balance sheet date. In respect of immovable properties of land that have been taken on lease and disclosed as Property, plant and equipment in the standalone financial statements, the lease agreements are in the name of the Company as at the balance sheet date.
- (ii) The inventories have been physically verified during the year by the management, except for the inventories lying with the third parties as at balance sheet date, which have been confirmed by them. In our opinion, the frequency of such verification is reasonable. The discrepancies noticed on verification between the physical stocks and the book records were not material.
- (iii) The Company has not granted any loans, secured or unsecured to companies, firms, limited liability partnerships or other parties covered in the register maintained under section 189 of the Act. Therefore, the requirement of clause (iii)(a), (iii)(b) and (iii)(c) of paragraph 3 of the Order are not applicable to the Company.
- (iv) The Company has complied with the provisions of Section 186 of the Act in respect of the investments made by the Company. Further, there are no loans, guarantees or securities given by the Company which are covered under section 186 of the Act. There are no transactions during the year which are covered under section 185 of the Act and therefore question of commenting on compliance of section 185 of the Act does not arise.
- (v) In our opinion and according to the explanations given to us, the Company has not accepted any deposits. Therefore, question of reporting compliance with directives issued by the Reserve Bank of India and the provisions of sections 73 to 76 or any other relevant provisions of the Act and rules framed there under does not arise. We are informed that no order relating to the Company has been passed by the Company law Board or National Company Law Tribunal or Reserve Bank of India or any Court or any other Tribunal.
- (vi) We have broadly reviewed the books of account and records maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014 as prescribed by the Central Government for the maintenance of cost records under Section 148 (1) of the Act relating to the manufacture of drugs and pharmaceuticals and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. We have, however, not made a detailed examination of the said records with a view to determine whether they are accurate or complete
- (vii) In respect of statutory dues:
- (a) According to the information and explanations given to us and on the basis of our examination of records of the Company, in respect of amounts deducted / accrued in the books of account, the Company has been regular in depositing undisputed statutory dues including provident fund, employees' state insurance, income-tax, sales-tax, goods and services tax, duty of customs, duty of excise, value added tax, cess and any other statutory dues, as applicable to the Company, during the year with the appropriate authorities. There are no undisputed statutory dues payable in respect to above statutes, outstanding as at 31st March 2018 for a period of more than six months from the date they became payable.
 - (b) According to information and explanations given to us and on the basis of our examination of the records of the Company, there is no disputed sales tax, goods and services tax, service tax, duty of customs, duty of excise and value added tax as on 31st March, 2018 which have not been deposited except the following disputed dues which have not been deposited since the matters are pending with the relevant forum:

Name of the Statutes	Nature of the dues	Disputed amount	Amount paid in protest	Unpaid amount	Period to which it relates	Forum where dispute is pending

- (viii) Based on our audit procedures and as per the information and explanations given by the management, we are of the opinion that the Company has not defaulted in repayment of loans or borrowings to banks during the year. The Company has not borrowed any money from financial institutions or debenture holders or Government.
- (ix) During the year the Company did not raise any money by way of initial public offer or further public offer (including debt instruments) and term loans. Accordingly, clause (ix) of paragraph 3 of the Order is not applicable to the Company.
- (x) During the course of our examination of the books of account and records of the Company, carried out in accordance with generally accepted auditing practices in India and according to information and explanation given to us, we have neither noticed nor have been informed by the management, any incidence of fraud by the Company or on the Company by its officers or employees.
- (xi) According to the information and explanations given to us and based on our examination of the records, the Company has paid / provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Act.
- (xii) The Company is not a Nidhi Company. Therefore, the provisions of clause (xii) of paragraph 3 of the Order are not applicable to the Company.
- (xiii) According to the information and explanations given to us and based on our examination of the records, transactions with the related parties are in compliance with Section 177 and 188 of the Act where applicable and the details of such transactions have been disclosed in the standalone financial statements as required by the applicable Accounting Standards.
- (xiv) According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Therefore, the provisions of clause (xiv) of paragraph 3 of the Order are not applicable to the Company.
- (xv) In our opinion and according to the information and explanations given to us, during the year, the Company has not entered into any non-cash transactions with directors or persons connected with the directors. Therefore, the provisions of clause (xv) of paragraph 3 of the Order are not applicable to the Company.
- (xvi) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Therefore, the provisions of the clause (xvi) of the Order are not applicable to the Company.

ANNEXURE I TO THE INDEPENDENTS AUDITOR'S REPORT FOR THE YEAR ENDED 31ST MARCH 2018

(Referred to in paragraph 1 under, Report on Other Legal and Regulatory Requirements section of our Report of even date)

Report on the Internal Financial Controls under section 143(3)(i) of the Act

We have audited the internal financial controls over financial reporting of Unichem Laboratories Limited ("the Company"), as of 31st March, 2018, in conjunction with our audit of the Ind AS standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note"), issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by ICAI and the and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to financial statement. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to Accounts form an integral part of standalone financial statements

Share application money pending allotment Share application money pending allotment represents money received from shareholders towards application of new shares, the allotment of which is not made indicate the share application money pending allotment.

Employee stock options outstanding account The fair value of the equity-settled share based payment transactions with employees is recognised in standalone statement of Profit and Loss with corresponding credit to Employee Stock Options Outstanding Account.

General reserve: The Company has transferred a portion of the net profit of the Company before declaring dividend to general reserve pursuant to the earlier provisions of the Companies Act 1956. Mandatory transfer to general reserve is not required under the Companies Act 2013.

Securities premium reserve: The amount received in excess of face value of the equity shares is recognised in securities premium reserve. In case of equity-settled share based payment transactions, the difference between fair value on grant date and nominal value of share is accounted as securities premium reserve. This reserve is utilised in accordance with the section 52 of the Companies Act, 2013.

Capital reserve: Capital reserve is reclassified to retained earnings considering there are no pending obligations against grants/ subsidy received.

Capital redemption reserve: The Company has recognised capital redemption reserve on buyback of equity shares from its retained earnings. The amount in capital redemption reserve is equal to nominal amount of the equity shares bought back. This reserve will be utilised in accordance with the section 69 of the Companies Act, 2013.

Other comprehensive income: The reserve represents the remeasurement gains/(losses) arising from the actuarial valuation of the defined benefit obligations of the Company. The remeasurement gains/(losses) are recognised in other comprehensive income and accumulated under this reserve within equity. The amounts recognised under this reserve are not reclassified to profit or loss.

Notes forming part of Standalone Financial Statements

for the year ended 31st March, 2018

1. Company Overview

Unichem Laboratories Limited ("the Company") is a public company domiciled in India and is incorporated under the provisions of the Companies Act, 1956. Its shares are listed and traded on Bombay Stock Exchange and National Stock Exchange in India. The registered office of the Company is located at "Unichem Bhavan", Prabhat Estate, off SV Road, Jogeshwari (west), Mumbai 400 102.

The Company is engaged in manufacturing of pharmaceutical products.

The financial statements of the Company for the year ended 31st March 2018 were approved and adopted by board of directors of the Company in their meeting dated 29th May, 2018.

2. Significant accounting policies

2.1. Statement of compliance

These standalone financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended for rules issued thereafter, the provisions of the Companies Act, 2013 ("the Act") and guidelines issued by the Securities and Exchange Board of India.

Effective 1st April, 2016, the Company has adopted all the Ind AS and the adoption was carried out in accordance with Ind AS 101 First time adoption of Indian Accounting Standards, with 1st April, 2015 as the transition date. The transition was carried out from Accounting Principles generally accepted in India as prescribed under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 (IGAAP), which was the previous GAAP.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

2.2. Basis of preparation and presentation

These standalone financial statements have been prepared on the historical cost convention and on accrual basis except for the following assets and liabilities which have been measured at fair value amount:

- i. Certain financial assets and liabilities (including derivative instruments);
- ii. Defined benefit plans – plan assets;
- iii. Equity Settled Share based payments;
- iv. Assets held for sale

The financial statements are in accordance with Division II of Schedule III to the Act, as applicable to the Company.

2.3. Current and non-current classification

All assets and liabilities are presented in the Balance Sheet based on current or non-current classification as per Company's normal operating cycle and other criteria set out in the division II of Schedule III of the Act.

Based on the nature of products and the time between the acquisition of assets for processing and their realisation, the Company has ascertained its operating cycle as twelve months for the purpose of current/ non-current classification of assets and liabilities.

2.4. Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates ("the functional currency"). The financial statements are presented in Indian Rupee, which is the Company's functional and presentation currency. All amounts are rounded to the nearest rupees in lakhs.

2.5. Use of significant accounting estimates, judgements and assumptions

The preparation of the financial statements requires management to make estimates, judgements and assumptions that affect the reported balances of assets and liabilities, disclosure of contingent liabilities as on the date of financial statements and reported amounts of income and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements. The application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these financial statements have been disclosed below.

- i) Estimation of useful life of Property, plant and equipment (refer note no 2.8)
- ii) Impairment of Property, plant and equipment and Capital work-in-progress (refer note no 2.11)
- iii) Estimation of provisions and contingent liabilities (refer note no 2.16)
- iv) Estimation of defined benefit plan and other long term benefits (refer note no 2.17)
- v) Fair value measurement for financial instruments (refer note no 2.27)

2.6. Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable and represents amounts receivable for services or goods provided in the normal course of business.

Sales of goods are recognized when significant risks and rewards of ownership of the goods have passed to the buyer and there is no continuing effective control or managerial involvement with the goods. Amounts disclosed as revenue are inclusive of excise duty and net of other indirect taxes, discounts, rebates, expiry claims and sales returns.

Income from services including commission income and product development revenue is recognized when the services are rendered or when contracted milestones have been achieved and is recorded net of indirect taxes.

Export entitlements are recognised as income when right to receive credit as per the terms of the scheme is established in respect of the exports made and where there is no significant uncertainty regarding the ultimate collection of the relevant export proceeds.

Interest income on financial assets is recognised using the effective interest rate.

Dividend income is recognized when the Company's right to receive the payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company and the amount of dividend can be measured reliably.

Rental income on investment properties given under operating lease arrangements is recognized on straight line basis over the lease term in accordance with terms of agreement. Rental income is recorded net of indirect tax and expenses which are directly attributable to investment properties.

Revenue includes commission recognised on guarantee given to banks and corporate guarantee given to or on behalf of subsidiaries.

2.7. Taxes

Income Tax expenses for the year comprises of current tax, deferred tax charge or credit, minimum alternate tax credit and adjustments of taxes for earlier years that may become necessary due to certain developments or reviews during the relevant period. In respect of amounts adjusted outside statement of profit or loss (i.e. in other comprehensive income or equity), the corresponding tax effect, if any, is also adjusted in other comprehensive income or in equity and not in statement of profit or loss.

Current tax

Provision for current tax is made as per the provisions of Income Tax Act, 1961. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where applicable.

Current tax assets and current tax liabilities are offset when there is legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis.

Minimum Alternate Tax Credit

The Company recognizes tax credits in the nature of Minimum Alternative Tax (MAT) credit as an asset only to the extent that there is convincing evidence that the Company will pay normal tax during the specified period, i.e., the period for which tax credit is allowed to be carried forward. In the year in which the Company recognizes tax credits as an asset, the said asset is created by way of tax credit to the statement of profit and loss.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax liabilities are recognised for all taxable temporary differences, and deferred tax assets are recognised for all deductible temporary differences, carry forward tax losses and allowances to the extent that it is probable that future taxable profits will be available against which those deductible temporary differences, carry forward tax losses and allowances can be utilised.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxation authority.

Deferred tax assets are recognised only to the extent that it is probable that future taxable profit will be available against which such deferred tax assets can be utilized. In situations where the Company has unused tax losses and unused tax credits, deferred tax assets are recognised only if it is probable that they can be utilized against future taxable profits. Deferred tax assets are reviewed for the appropriateness of their respective carrying amounts at each Balance Sheet date.

At each reporting date, the Company re-assesses unrecognised deferred tax assets. It recognises previously unrecognised deferred tax assets to the extent that it has become probable that future taxable profit allow deferred tax assets to be recovered.

For units which enjoy tax holiday benefit, deferred tax assets and liabilities have been provided for the tax consequences of those temporary differences between the carrying values of assets and liabilities and their respective tax bases that reverse after the tax holiday ends.

Dividend Distribution Tax

Dividend distribution tax arising out of payment of dividends to shareholders under the Indian Income Tax Act regulation are recognized in statement of changes in equity as part of associated dividend payment.

2.8. Property, plant and equipment (Tangible Assets) and depreciation

The Company had applied one time transition exemption of considering the carrying cost on the transition date i.e. 1st April, 2015 as the deemed cost under Ind AS.

Property, plant and equipment are stated at cost of acquisition less accumulated depreciation and accumulated impairment losses, if any. Gross carrying amount of all property, plant and equipment are measured using cost model.

Cost of an item of property, plant and equipment includes purchase price including non - refundable taxes and duties, borrowing cost directly attributable to the qualifying asset, any costs directly attributable to bringing the asset to the location and condition necessary for its intended use and the present value of the expected cost for the dismantling/decommissioning of the asset.

Cost for subsequent additions comprises the purchase price and any other attributable cost of bringing the asset to its working condition for its intended use. Subsequent expenditures are added to its gross book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance.

The Company identifies and determines cost of each component/part of the plant and equipment separately, if the component/part has a cost which is significant to the total cost of the plant and equipment and has useful life that is materially different from that of the remaining plant and equipment.

Pre-operation expenses and trial runs (net of revenue) and borrowing cost directly attributable to the cost of construction of the qualifying asset are treated as part of the project cost and are capitalized / allocated to the cost of asset in the year in which the project is completed. Administrative and other expenses which are not directly related to construction are charged to statement of profit and loss.

Gains or losses arising from derecognition of tangible property, plant and equipment are recognised in the Statement of Profit and Loss.

Depreciation is provided on all assets (other than free hold land and capital work-in-progress), on pro-rata basis, using following methods based on the respective estimate of useful lives as given below.

- a) Straight-Line Method on buildings, plant and machinery, computers and servers
- b) Written Down Value Method on other property, plant and equipments

The management believes that useful lives currently used is as prescribed under Part C of Schedule II to the Companies Act, 2013, fairly reflect its estimate of the useful lives and residual values of property, plant and equipment.

Estimated useful lives of the PPEs are as follows:

Nature of assets	Useful life
Leasehold land	Over lease period [30 to 90 years]
Factory buildings on leasehold land	Lower of 30 years or balance lease period
Buildings on freehold land	30 to 60 years
Plant and equipments [other than continuous processing assets]	10 to 15 years
Plant and equipments [continuous processing assets]	20 years
Furniture and fixture	10 years
Vehicles	8 years
Office equipments	3 to 5 years

The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

Advances paid towards the acquisition of property, plant and equipment outstanding at each Balance Sheet date is classified as capital advances under "Other non-current assets". Cost of assets under construction / acquisition / not put to use at the Balance sheet date are disclosed under "Capital work-in-progress".

2.9. Computer software's / licenses

Standalone software's / licenses cost is fully charged off to Statement of Profit and Loss in the year of expenditure. These software's / licenses are for administrative purposes.

2.10. Non-Current assets held for sale and discontinued operations

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable. They are measured at the lower of their carrying amount and fair value less costs to sell, except for assets such as deferred tax assets, assets arising from employee benefits and financial assets which are specifically exempt from this requirement.

An impairment loss is recognised for any initial or subsequent write-down of the asset (or disposal group) to fair value less

costs to sell. A gain is recognised for any subsequent increases in fair value less costs to sell of an asset (or disposal group), but not in excess of any cumulative impairment loss previously recognised. A gain or loss not previously recognised by the date of the sale of the non-current asset (or disposal group) is recognised at the date of de-recognition.

Non-current assets (including those that are part of a disposal group) are not depreciated or amortised while they are classified as held for sale.

Non-current assets and liabilities classified as held for sale are presented separately from the other assets and liabilities in the balance sheet.

A discontinued operation is a component of the entity that has been disposed of or is classified as held for sale and that represents a separate major line of business or geographical area of operations, is part of a single co-ordinated plan to dispose of such a line of business or area of operations. The results of discontinued operations are presented separately in the Statement of Profit and Loss.

2.11. Impairment of non-financial assets

The carrying amounts of assets are reviewed at each balance sheet date for any indication of impairment based on internal / external factors. An impairment loss is recognised wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the higher of a) fair value of assets less cost of disposal and b) its value in use. Value in use is the present value of future cash flows expected to derive from an assets or Cash-Generating Unit (CGU).

Based on the assessment done at each balance sheet date, recognised impairment loss is further provided or reversed depending on changes in circumstances. After recognition of impairment loss or reversal of impairment loss as applicable, the depreciation charge for the asset is adjusted in future periods to allocate the asset's revised carrying amount, less its residual value (if any), on a systematic basis over its remaining useful life. If the conditions leading to recognition of impairment losses no longer exist or have decreased, impairment losses recognised are reversed to the extent it does not exceed the carrying amount that would have been determined after considering depreciation / amortisation had no impairment loss been recognised in earlier years.

2.12. Research and development expenditure

Revenue expenditure pertaining to research is charged to the Statement of Profit and Loss. Development costs of products are also charged to the Statement of Profit and Loss unless a product's technical feasibility has been established, in which case such expenditure is capitalized.

Development expenditures on an individual project are recognised as an intangible asset when the Company can demonstrate:

- The technical feasibility of completing the intangible asset so that the asset will be available for use or sale.
- Its intention to complete and its ability and intention to use or sell the asset.
- How the asset will generate future economic benefits.
- The availability of resources to complete the asset.
- The ability to measure reliably the expenditure during development.

The amount capitalized comprises expenditure that can be directly attributed or allocated on a reasonable and consistent basis to creating, producing and making the asset ready for its intended use. Property, plant and equipment utilized for research and development are capitalized and depreciated in accordance with the policies stated for Property, plant and equipment and depreciation.

2.13. Foreign currency transactions

Transactions denominated in foreign currencies are recorded at the exchange rates prevailing on the date of the transaction. As at the Balance Sheet date, foreign currency monetary items are translated at closing exchange rate. Exchange difference arising on settlement or translation of foreign currency monetary items are recognised as income or expense in the year in which they arise.

Foreign currency non-monetary items which are carried at historical cost are reported using the exchange rate at the date of transactions. Foreign currency non-monetary items which are measured at fair value are reported using the exchange rate at the date when the fair value is determined. Exchange difference arising on fair valuation of non-monetary items is recognised in line with the gain or loss of item that give rise to such exchange difference (i.e. translation differences on items whose gain or loss is recognised in statement of profit and loss or other comprehensive income is also recognised in statement of profit or loss or other comprehensive income respectively).

2.14. Leases

Leases in which a substantial portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments and receipts under such leases are recognised to the Statement of Profit and Loss on a straight-line basis over the term of the lease unless the lease payments to the lessor are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases, in which case the same are recognised as an expense in line with the contractual term. Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards incidental to ownership to the lessee

2.15. Inventories

Inventories consist of raw materials, packing materials, stores and spares, stock-in-trade, work-in-progress and finished goods. Inventories of raw materials, packing material, stores and spares are valued at cost and other inventories are valued at lower of cost and net realisable value after providing for obsolete / slow moving items. Cost is determined on weighted average basis.

Cost includes cost of purchase, non-refundable taxes and other costs / overheads incurred in bringing the inventories to their present location and condition.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be used are expected to be sold at or above cost.

2.16. Provisions, contingent liabilities and contingent assets

A provision is recognised when the Company has a present obligation (legal or constructive) as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. If the effect of time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risk specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources. When there is a possible obligation or a present obligation in respect of which likelihood of outflow of resources is remote, no provision or disclosure is made.

Contingent assets are not recognised and disclosed only when an inflow of economic benefits is probable.

2.17. Employee benefits**i) Short-term employee benefit**

All employee benefits falling due wholly within twelve months after the end of the reporting period are classified as short term employee benefits and they are recognised as an expense at the undiscounted amount in the statement of profit and loss in the period in which the employee renders the related service.

ii) Post-employment benefits**a. Defined contribution plan**

The Company contributes fixed contribution to a government administered fund towards Provident Fund, Labour Welfare Fund, and Employee State Insurance Scheme and will have no legal or constructive obligation to pay further contribution.

Certain employees of the Company are participants in Superannuation plan. The Company has no further obligations to the Superannuation plan beyond its monthly contributions which are periodically contributed to "Unichem Laboratories Limited Employees Superannuation Fund Trust", the corpus of which is invested with the Life Insurance Corporation of India.

The Company's contribution to defined contribution plans are recognised in the statement of profit and loss in the period in which the employee renders the related services.

b. Defined benefit plan

The Company provides for gratuity, a defined benefit retirement plan ('the Gratuity Plan') covering eligible employees. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment with the Company.

Liabilities with regard to the Gratuity Plan are determined by actuarial valuation, performed by an independent actuary, at each Balance Sheet date using the projected unit credit method. The Company fully contributes all ascertained liabilities to "Unichem Laboratories Limited Employees Gratuity Fund Trust", the corpus of which is invested with the Life Insurance Corporation of India.

The current service cost and interest on the net defined benefit liability / (asset) is recognized in the statement of profit and loss. Past service cost are immediately recognized in the statement of profit and loss. Actuarial gains and losses net of deferred taxes arising from experience adjustment and changes in actuarial assumptions are recognized in other comprehensive income and are not reclassified to statement of profit or loss in subsequent periods. Gains or losses on the curtailment or settlement of defined benefit plan are recognised when the curtailment or settlement occurs.

iii) Other long-term benefits

The Company has other long-term benefits in the form of leave benefits. The present value of the obligation is determined based on actuarial valuation using the projected unit credit method carried out by independent actuary. Actuarial gains or losses arising on account of experience adjustment and the effect of changes in actuarial assumptions are recognised immediately in the statement of profit and loss as income or expense. Gains or losses on the curtailment or settlement of other long-term benefits are recognised when the curtailment or settlement occurs.

2.18. Equity settled share-based payments

Equity-settled share based payments to employees are measured at the fair value (i.e. excess of fair value over the exercise price of the option) of the Employee Stock Options Plan at the grant date. The fair value of option at the grant date is calculated by Black-Scholes model. In case the options are granted to employees of the company, the fair value determined at the grant date is expensed on a straight line basis over the vesting period, based on the Company's estimate of options that will eventually vest, with a corresponding increase in equity. In case of the options granted to employees of company's subsidiaries, the fair value of options granted to employees of the subsidiary companies are considered as capital contribution / investment.

The dilutive effect of outstanding options is reflected in determining the diluted earnings per share.

2.19. Operating Segments

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker (CODM). Operating Segments are defined as components of an enterprise for which discrete financial information is available that is evaluated regularly by the CODM, in deciding how to allocate resources and assessing performance.

2.20. Borrowing costs

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalized as part of the cost of the respective asset till such time the asset is ready for its intended use or sale. A qualifying asset is an asset which necessarily takes a substantial period of time to get ready for its intended use or sale. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest expenses calculated as per effective interest method, exchange difference arising from foreign currency borrowings to the extent they are treated as an adjustment to the borrowing cost and other costs that an entity incurs in connection with the borrowing of funds.

2.21. Government grants

Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the Company will comply with its conditions.

Government grants relating to income are recognised in the statement of profit and loss over the period necessary to match them with the costs that they are intended to compensate.

Government grants relating to the assets are credited in the statement of profit and loss over the expected useful life of the assets.

When loans or similar assistance are provided by governments or related institutions, with an interest rate below the current applicable market rate, the effect of this favourable interest is regarded as a government grant. The loan or assistance is initially recognised and measured at fair value and the government grant is measured as the difference between the fair value of the loan and the proceeds received.

2.22. Dividend distribution

Final equity dividends on shares are recorded as a liability on the date of approval by the shareholders and interim equity dividends are recorded as a liability on the date of declaration by the Company's Board of Directors.

2.23. Share Capital

Ordinary shares are classified as equity. Transaction cost related to buy-back of equity shares is reduced from the retained earnings / reserves, net of tax effects.

2.24. Earnings per equity share

The Basic earnings per equity share is computed by dividing the net profit after tax for the year attributable to the equity shareholders of the Company by weighted average number of equity shares outstanding during the year.

Diluted earnings per equity share are computed by dividing the net profit attributable to equity holders of the Company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period unless issued at a later date.

The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, share split, etc.

2.25. Cash and cash equivalents

Cash and cash equivalents in the Balance Sheet comprise cash at banks and on hand and short term deposits, which are subject to an insignificant risk of changes in value.

For the purpose of the Statement of Cash Flows, cash and cash equivalents consist of cash and short term deposits, net of outstanding bank overdrafts, if any, as they are considered an integral part of the Company's cash management.

2.26. Cash flow statement

Cash Flows are reported using Indirect Method, whereby profit for the year is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

2.27. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit and loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability. The transaction costs directly attributable to the acquisition of financial assets and financial liabilities at fair value through profit and loss are immediately recognised in the statement of profit and loss.

Effective interest method:

The effective interest method is a method of calculating the amortised cost of a financial instrument and of allocating interest income or expense over the relevant period. The effective interest rate is the rate that exactly discounts future cash receipts or payments through the expected life of the financial instrument, or where appropriate, a shorter period.

Financial assets:**Cash and bank balances**

Cash and cash equivalents include cash in hand, bank balances, deposits with banks (other than on lien) and all short term highly liquid investments / mutual funds (with zero exit load at the time of investment) that are readily convertible into known amounts of cash and are subject to an insignificant risk of changes in value. Other bank balances includes balances and deposits with bank that are restricted for withdrawal and usage.

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets measured at fair value

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows or to sell these financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

In respect of equity investments (other than joint ventures) which are not held for trading, the company has made an irrevocable election to present in other comprehensive income subsequent changes in the fair value of such equity instruments. Such an election is made by the Company on an instrument by instrument basis at the time of initial recognition of such equity investments.

Financial asset not measured at amortised cost or at fair value through other comprehensive income is carried at fair value through the statement of profit and loss.

Investment in Subsidiaries and Associates

The Company has accounted for its investments in Subsidiaries and Associates at cost. The Company has elected to adopt the carrying value under previous GAAP as on the date of transition i.e. 1st April, 2015 in its separate financial statements

Impairment of financial assets

The company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognized as an impairment gain or loss in profit or loss.

De-recognition of financial assets

The Company de-recognises a financial asset only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all risks and rewards of ownership of the asset to another entity. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the assets and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

Financial liabilities and equity instruments:**Classification as debt or equity**

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

Financial liabilities

Trade and other payables are initially measured at fair value, net of transaction costs, and are subsequently measured at amortised cost, using the effective interest rate method where the time value of money is significant. Interest bearing bank loans and overdrafts are initially measured at fair value and are subsequently measured at amortised cost using the effective interest rate method. Any difference between the proceeds (net of transaction costs) and the settlement or redemption of borrowings is recognised over the term of the borrowings in the statement of profit and loss.

De-recognition of financial liabilities

The Company de-recognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or they expire.

2.28. New Ind AS issued but not effective as at Balance Sheet date

The following standards issued / modified by MCA become effective w.e.f. 1st April 2018.

Particulars	Effective date
New Ind AS issued	
Ind AS 115 – Revenue from contracts with customers	1st April 2018
Modification to existing Ind Accounting Standard	
Ind AS 12 – Income Taxes	1st April 2018
Ind AS 21 – The effects of changes in foreign exchange rates	1st April 2018
Ind AS 28 – Investments in associates and joint ventures	1st April 2018
Ind AS 40 – Investment property	1st April 2018
Ind AS 112 – Disclosure of interest in other entities	1st April 2018

The Company is assessing the potential impact of above amendments on the financial statements. The management presently is of the view that it would not have a material impact on the financial statements.

2.29. Amendments in Ind AS and its impacts on financial statements

Amendment to Ind AS 102 Share Based Payment: Effective 1st April, 2017, the Company adopted amendment to Ind AS 102 which provides specific guidance to measurement of cash-settled awards, modification of cash-settled awards and awards that include a net settlement feature in respect of withholding taxes. The adoption of amendment did not have any material impact on the financial statements.

Amendments to Ind AS 7 Statements of Cash Flows: Effective 1st April, 2017, the Company adopted the amendment to Ind AS 7, which require the entities to provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities, including both changes arising from cash flows and non-cash changes, suggesting inclusion of a reconciliation between the opening and closing balances in the Balance Sheet for liabilities arising from financing activities, to meet the disclosure requirement. The adoption of amendment did not have any material impact on the financial statements.

- 35** On 9th July, 2014, the European Commission ("EU") decided to impose an unjustified fine of € 13.97 million (equivalent to ₹ 11,267.85 lakhs), jointly and severally on the Company and its subsidiary Niche Generics Ltd ("Niche") contending that they had acted in breach of EU competition law as Niche Generics Ltd had, in early 2005 (when The Company was only a part owner and financial investor in Niche) had agreed to settle a financially crippling patent litigation with Laboratories Servier. The Company vehemently denies any wrongdoing on the part of either itself or Niche. Both The Company & Niche have submitted appeal in September 2014 to the EU General Court seeking appropriate relief in the matter. The outcome of the appeal is likely to follow some months after (early 2018 at the earliest), as advised by lawyers of the Niche. The appeal process before EU Courts is very slow and as this is a very complex matter, it is possible that the case may take even longer to be concluded.

(c) Credit facilities from Citibank, N.A. availed by the Company and its subsidiaries [Unichem Laboratories Limited(Ireland), Unichem Pharmaceuticals (USA) Inc. (USA), Niche Generics Limited(United Kingdom)] are secured against investments in mutual funds to the extent of ₹ 33,084.66 Lakhs. In the previous year credit facilities to subsidiaries were secured by :
(i) first exclusive charge on the movable fixed assets (including plant and machinery, office equipment, furniture & fixtures, etc. and excluding current assets, stores & spares) situated at Pithampur, Madhya Pradesh and Baddi, Himachal Pradesh and
(ii) first exclusive charge on immovable property situated at Pithampur, Madhya Pradesh and Baddi, Himachal Pradesh.
- 38** As per Ind AS 108- "Operating Segment", segment information has been provided under the Notes to Consolidated Financial Statements.
- 39** The Company has reviewed its investments in wholly owned subsidiaries. In respect of its investment in Unichem Farmaceutica Do Brasil Ltda, Brazil, Impairment loss recognised for this investment for the year ₹ 511.71 Lakhs (P.Y. ₹ 2,690.78 Lakhs). This has resulted in the aggregate Impairment loss to ₹ 6,783.89 Lakhs (P.Y. ₹ 6,272.19 Lakhs) on a total investment of ₹ 6,783.89 Lakhs (P.Y. ₹ 6,272.19 Lakhs). Impairment loss for the current year is charged to statement of profit and loss after an internal assessment based on circumstances prevailing as at the balance sheet date, such as past performance, results, assets, expected cash flows, projections, status of product approvals, nature of the market and regulatory conditions.

43 EMPLOYEE BENEFITS

The Company has a defined benefit gratuity plan. The scheme is funded with an insurance company in the form of a qualifying insurance policy.

Other long term benefits comprises of leave entitlements to the employees. This benefit is partly funded by the Company.

Bifurcation of liability as per schedule III of the Companies Act 2013 :

(₹ in Lakhs)

Particulars	Gratuity		Leave entitlements	
	As at	As at	As at	As at
	31st March, 2018	31st March, 2017	31st March, 2018	31st March, 2017
Current Liability	175.11	319.59	291.18	408.41
Non-Current Liability	-	562.93	1,075.90	1,969.68
Net Liability	175.11	882.52	1,367.08	2,378.09

The principal assumptions used in determining gratuity benefit obligations for the Company's plans are shown below:

Particulars	Gratuity	
	As at 31st March, 2018 (%)	As at 31st March, 2017 (%)
Discount rate	7.30%	6.90%
Salary growth rate	9.00%	7.00%
Expected rate of return on Plan assets	7.35%	6.90%
Withdrawal rate	15% at younger ages reducing to 2% at older ages	15% at younger reducing to 2% at older ages

The estimates of future salary increases considered in actuarial valuation take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market. The discounting rate is based on material yield on government bonds having currency and terms consistent with the currency and terms of post-employment benefit obligations. The overall expected rate of return on assets is based on the LIC structure of interest rates on gratuity funds.

The following tables summarise the funded status and amounts recognised in the balance sheet for gratuity.

Funded status of the plan:

Sensitivity analysis:

Assumptions	Change in assumptions		Increase/(decrease) in defined benefit obligation	
	Increase/decrease	Percentage	2017-2018	2016-2017
Discount rate	Increase by	5%	-2.53%	-2.90%
	Decrease by	5%	2.70%	3.10%
Salary growth rate	Increase by	5%	2.65%	3.10%
	Decrease by	5%	-2.50%	-2.90%
Withdrawal rate	Increase by	10%	-0.66%	-0.51%
	Decrease by	10%	0.71%	0.52%

The above sensitivity analysis are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet. The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

These plans typically expose the Company to actuarial risks such as: investment risk, interest risk, longevity risk and salary risk.

Investment risk : The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds.

Interest risk : A decrease in the bond interest rate will increase the plan liability; however, this will be partially offset by an increase in the return on the plan debt investments.

Longevity risk : The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Salary risk : The present value of the defined plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

Expected contribution and weighted average duration for defined benefit obligation

Particulars	2017-2018	2016-2017
Expected contribution for the next year (Rs Lakhs)	500.00	350.00
Weighted average duration for defined benefit obligation (years)	5.23	6.15

Asset-liability matching strategies

The trustees of the plan have outsourced the investment management of the fund to an insurance company. The insurance company in turn manages these funds as per the mandate provided to them by the trustees and the asset allocation which is within the permissible limits prescribed in the insurance regulations. Due to the restrictions in the type of investments that can be held by the fund, it may not be possible to explicitly follow an asset-liability matching strategy to manage risk actively in a conventional fund.

ii) Fair value hierarchy

The financial instruments are categorized into three levels based on the inputs used to arrive at fair value measurements as described below:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: Valuation techniques for which lowest level input that is significant to the fair value measurement is directly or indirectly observable;

Level 3: Valuation techniques for which lowest level input that is significant to the fair value measurement is directly or indirectly unobservable;

The following tables categorise the financial assets and liabilities held at fair value by the valuation methodology applied in determining their fair value.

Determination of fair values:

The following are the basis of assumptions used to estimate the fair value of financial assets and liabilities that are measured at fair value on recurring basis :

Investment in mutual funds :

The fair values represent net asset value as stated by the issuers of these mutual fund units in the published statements. Net asset values represent the price at which the issuer will issue further units in the mutual fund and the price at which issuers will redeem such units from the investors.

Equity investments :

Equity investments traded in an active market determined by reference to their quoted market prices. Other equity investments where quoted prices are not available, fair values are determined by reference to the expected discounted cash flows from the underlying net assets or current market value of net assets.

Derivative instruments :

For forward contracts and cross currency interest rate swaps, future cash flows are estimated based on forward exchange rates and forward interest rates (from observable forward exchange rates / yield curves at the end of the reporting period) and contract forward exchange rates and forward interest rates, discounted at a rate that reflects the credit risk of respective counterparties.

54 FINANCIAL RISK MANAGEMENT

The Company's activities are exposed to variety of financial risks. These risks include market risk (including foreign exchange risk and interest rate risks), credit risks and liquidity risk. The Company's overall risk management program seeks to minimize potential adverse effects on the financial performance of the Company through established policies and processes which are laid down to ascertain the extent of risks, setting appropriate limits, controls, continuous monitoring and its compliance.

Market risk:

Market risk refers to the possibility that changes in the market rates may have impact on the Company's profits or the value of its holding of financial instruments. The Company is exposed to market risks on account of foreign exchange rates, interest rates and underlying equity prices.

Foreign currency exchange rate risk:

The Company's foreign currency risk arises from its foreign operations, investments in foreign subsidiaries and foreign currency transactions. The fluctuation in foreign currency exchange rates may have potential impact on the income statement and equity, where any transaction references more than one currency or where assets/liabilities are denominated in a currency other than the functional currency of the Company.

Since a major part of the Company's revenue is in foreign currency and major part of the costs are in Indian Rupees, any movement in currency rates would have impact on the Company's performance. Consequently, the overall objective of the foreign currency risk management is to minimize the short term currency impact on its revenue and cash-flow in order to improve the predictability of the financial performance.

The major foreign currency exposures for the Company are denominated in USD & EURO. Additionally, there are transactions which are entered into in other currencies and are not significant in relation to the total volume of the foreign currency exposures. The Company hedges all trade receivables upto a maximum of 6 months forward based on historical trends. Hedge effectiveness is assessed on a regular basis.

The following table sets forth information relating to foreign currency exposure from USD, EUR and other currencies (which are not material) form non-derivative financial instruments:

Interest Rate Risk:

Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair values of fixed interest bearing investments because of fluctuations in the interest rates and where the borrowings are measured at fair value through profit or loss. Cash flow interest rate risk is the risk that the future cash flows of floating interest bearing investments or borrowings will fluctuate because of fluctuations in the interest rates.

Exposure to interest rate risk.

The Company adopts a policy of ensuring that maximum of its interest rate risk exposure is at a fixed rate and there are no financial instruments with floating interest rates.

Credit risk:

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Financial instruments that are subject to concentrations of credit risk materially consists of trade receivables, investments and derivative financial instruments.

All trade receivables are subject to credit risk exposure. The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer, including the default risk of the industry and country, in which the customer operates, also has an influence on credit risk assessment. Credit risk is managed through established policies, controls relating to credit approvals and procedures for continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business. The Company uses expected credit loss model to assess the impairment loss or gain. The Company uses a provision matrix to compute the expected credit loss allowance for trade receivables (other than from subsidiaries) and unbilled revenues. The Company does not have significant concentration of credit risk related to trade receivables. No single third party customer contributes to more than 10% of outstanding accounts receivable (excluding outstanding from subsidiaries) as of 31st March 2018 and 31st March 2017.

The Company limits its exposure to credit risk by generally investing in liquid securities having and only with counterparties that have a good credit rating. The company does not expect any losses from non- performance by these counter-parties, and does not have any significant concentration of exposures to specific industry sectors. Refer note no. 11 for movement in expected credit loss allowance.

Liquidity risk:

Liquidity risk refers to the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company generates cash flows from operations to meet its financial obligations, maintains adequate liquid assets in the form of cash & cash equivalents and has undrawn short term line of credits from banks to ensure necessary liquidity.

Capital Management

Equity share capital and other equity (other than ESOP Reserve and Other comprehensive income) are considered for the purpose of Company's capital management. There are no externally imposed capital requirements on the Company. The Company's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. The Company monitors the return on capital as well as the level of dividends on its equity shares. The Company's objective when managing capital is to maintain an optimal structure so as to maximize shareholder value.

The Company is predominantly equity financed. Further, the company's current assets has always been higher than the liabilities. Also current assets includes cash and bank balances along with investment which is predominantly investment in liquid and short term mutual funds being far in excess of borrowings / debt.

No changes were made in the objectives, policies or processes for managing capital during the year ended 31st March, 2018 and 31st March, 2017.

Independent Auditors' Report to the Members of Unichem Laboratories Limited

Report on the Consolidated Financial Statements

1. We have audited the accompanying consolidated financial statements of Unichem Laboratories Limited (hereinafter referred to as "the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group") and its associate, comprising the Consolidated Balance Sheet as at 31st March 2018, the Consolidated Statement of Profit and Loss (including other comprehensive income), the Consolidated Statement of Changes in Equity, the Consolidated Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the Consolidated Financial Statements").

2. Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors are responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated statement of changes in equity and consolidated cash flows of the Group in accordance with the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India.

The respective Board of Directors of the companies included in the Group and of its associate are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

3. Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments; the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in paragraph 6 (a) below and the unaudited financial statements as certified by the management of the associate referred to in paragraph 6 (b) below is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

4. Opinion

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors referred to in paragraph 6 below on separate financial statements and on the other financial information of the subsidiaries and the associate, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the Ind AS and accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31st March 2018, and their consolidated profit (including other comprehensive income), consolidated statement of changes in equity and their consolidated cash flows for the year ended on that date.

5. Emphasis of Matters

We draw attention to note 35 of notes to the consolidated financial statements, which describes the uncertainty related to outcome of appeal against fine imposed by European Commission jointly and severally on the Holding Company and its subsidiary (Niche Generics Limited, UK) amounting to € 13.97 Million (equivalent to ₹ 11,267.85 lakhs). This point was also reported under 'Emphasis of Matter' paragraph by erstwhile auditor in the previous year for consolidated financial statement. Our opinion is not modified in respect of above matter.

6. Other matters

- (a) We did not audit the financial statements of five subsidiaries, whose financial statements reflect total assets of ₹ 30,123.02 lakhs and total net liabilities of ₹ 1,930.09 lakhs as at 31st March, 2018, total revenues (including other income) of ₹ 47,932.31 lakhs and net cash inflow amounting to ₹ 167.62 lakhs for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the management. These financial statements have been prepared in accordance with accounting principles generally accepted in their respective countries and which have been audited by other auditors under generally accepted auditing standards applicable in their respective countries. Our opinion on the consolidated financial statement, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and our report in terms of sub-sections (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, is based solely on the reports of such other auditor.
- (b) The consolidated financial statements also include the Group's share of net loss of ₹ 22.32 lakhs for the year ended 31st March 2018, as considered in the consolidated financial statements, in respect of the associate, whose financial information have not been audited by us. This financial information is unaudited and have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of the associate and our report in terms of sub-sections (3) of Section 143 of the Act, in so far as it relates to the aforesaid associate, is based solely on the reports of such other auditor. In our opinion and according to the information and explanations given to us by the Management, this financial information is not material to the Group.
- (c) The opening balances as at 1st April 2017 included in this consolidated financial statements were audited by erstwhile auditor, whose report dated 30th May 2017 expressed an unmodified opinion on those statements.
- (d) As mentioned in note 46 to consolidated financial statement, during the year the Holding Company has transferred its domestic formulation business in India and Nepal (i.e. discontinued operations) to Torrent Pharmaceuticals Limited. Accordingly the previous year figures are regrouped into continuing and discontinued operations. These regrouped previous year figures are prepared and certified by the Management.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements of the associate which are certified by the Management.

7. Report on Other Legal and Regulatory Requirements

As required by Section 143 (3) of the Act, we report to the extent applicable that :

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of aforesaid consolidated financial statements;
- (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors; and with respect to associate, we have relied on the information and explanation provided to us by the management;
- (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements;
- (d) In our opinion, the aforesaid consolidated financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act;
- (e) On the basis of the written representations received from the directors of the Holding Company as on 31st March 2018 taken on record by the Board of Directors of the Holding Company, none of the directors are disqualified as on 31st March, 2018

from being appointed as a director in terms of Section 164 (2) of the Act. The Subsidiary companies are incorporated outside India; hence, Section 164(2) of the Act is not applicable to the subsidiary companies. With respect to the associate, the information about disqualification of director u/s 164(2) is not available; hence, we cannot comment on the same;

- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Group and the operating effectiveness of such controls, considering that the wholly owned subsidiaries are incorporated outside India and an associate whose accounts are not audited as on the date of the report, reporting requirements are not applicable and not possible to report upon respectively.

In respect of the Holding Company our report on adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls may be referred to our separate report in Annexure I. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Holding Company's internal financial controls over financial reporting; and

- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Consolidated financial statements disclose the impact of pending litigations on its financial position of the Group and the associate. Refer note 34 (i) & (iv) and note 35 to the consolidated financial statements; except certain claims made by the ex-employees whose services were terminated in earlier years and are not acknowledged as debts. The financial impact of these claims cannot be estimated. However in the opinion of the management, these claims are not tenable;
 - ii. The Group and the associate did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company. With respect to the subsidiaries and the associate, this clause is not applicable.

Annexure I to Independent Auditor's Report for the year ended 31st March 2018

[Referred to in paragraph "f" under the heading "Report on other legal and regulatory requirements" of our report of even date]

In conjunction with our audit of the consolidated financial statements of Unichem Laboratories Limited ("the Holding Company") and its subsidiaries (the Company and its subsidiaries together referred to as "the Group") and its associate company as of and for the year ended 31st March 2018, we have audited the internal financial controls over financial reporting of the Holding Company.

Management's Responsibility for Internal Financial Controls

The Holding Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Holding Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Holding Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statement, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Holding Company.

Meaning of Internal Financial Controls over Financial Reporting

The Holding Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statement for external purposes in accordance with generally accepted accounting principles. The Holding Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Holding Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statement in accordance with generally accepted accounting principles, and that receipts and expenditures of the Holding Company are being made only in accordance with authorizations of management and directors of the Holding Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Holding Company's assets that could have a material effect on the consolidated financial statement.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, read with our comment with respect to inventory above, the Holding Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2018, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

for the year ended 31st March, 2018

1. Group information

The consolidated financial statements comprise the financial statements of the Unichem Laboratories Limited (the Holding Company) and the following wholly owned subsidiaries and associates (together referred to as “the Group”):

Name of Entity	Country of Incorporation*	Principal Activities
Subsidiaries (having 100% of ownership interest)		
Niche Generics Limited	United Kingdom	Pharmaceuticals
Unichem SA Pty Ltd.	South Africa	Pharmaceuticals
Unichem Pharmaceuticals (USA) Inc.	United States of America	Pharmaceuticals
Unichem Farmaceutica Do Brasil Ltda	Brazil	Pharmaceuticals
Unichem Laboratories Limited.	Ireland	Pharmaceuticals
Associate		
Synchron Research Services Pvt Ltd (Proportion of equity holding – 32.11%)	India	Technical Testing & Analysis Services

* Principal place of business is same as country of incorporation.

Equity Investment in Synchron Research services Pvt Ltd is accounted as per Ind AS 28 - Investments in Associates and joint ventures although the Holding Company do not exercise any significant influence over the operations of investee.

The consolidated financial statements of the Group for the year ended 31st March, 2018 were approved and adopted by the Board of Directors in their meeting dated 29th May, 2018

2. Significant accounting policies

2.1. Statement of compliance

These consolidated financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended for rules issued thereafter, the provisions of the Companies Act, 2013 (“the Act”) and guidelines issued by the Securities and Exchange Board of India.

Effective 1st April, 2016, the Holding Company has adopted all the Ind AS and the adoption was carried out in accordance with Ind AS 101 First time adoption of Indian Accounting Standards, with 1st April, 2015 as the transition date. The transition was carried out from Accounting Principles generally accepted in India as prescribed under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 (IGAAP), which was the previous GAAP

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

2.2. Basis of preparation and presentation

These consolidated financial statements have been prepared on the historical cost convention and on accrual basis except for the following assets and liabilities which have been measured at fair value amount:

- i. Certain financial assets and liabilities (including derivative instruments);
- ii. Defined benefit plans – plan assets;
- iii. Equity settled share based payments;
- iv. Assets held for sale

The financial statements are in accordance with Division II of Schedule III to the Act, as applicable to the Holding Company.

2.3. Basis of Consolidation

- i) The Holding Company consolidates all entities which it controls. Control is established when the Holding Company has power over the entity, is exposed, or has rights to variable returns from its involvement with the entity and has ability to affect the entity’s returns by using its power over the entity.
- ii) The Holding Company reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above. Profit or loss and each component of other comprehensive income are attributed to the owners of the Holding Company.
- iii) Profit or loss and each component of other comprehensive income are attributed to the owners of the Holding Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Holding Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.
- iv) Where the cost of the investment is higher than the share of equity in the subsidiary at the time of acquisition, the resulting difference is treated as goodwill. Where the cost of the equity is lower than the share of equity in the subsidiary, the difference is treated as capital reserve.

- v) The financial statements of the Holding Company and its subsidiaries are combined on a line by line basis by adding together like items of assets, liabilities, equity, incomes, expenses and cash flows, after fully eliminating intra-group balances and intra-group transactions.
- vi) Profits or losses resulting from intra-group transactions that are recognised in assets, such as inventory and property, plant & equipment, are eliminated in full.
- vii) In case of subsidiaries, revenue items are converted at the average rate prevailing during the year. All assets and liabilities are converted at rates prevailing at the end of the year. Any exchange difference arising on consolidation is recognised in the Foreign Currency Translation Reserve in other equity.
- viii) Offset (eliminate) the carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary.
- ix) Investment in associates where the Holding Company holds more than 20% of equity and/or having significant influence, are accounted for using equity method as per Ind AS 28 - Investments in Associates and joint ventures.
- x) The Holding Company accounts for its share of post-acquisition changes in net assets of associates, after eliminating unrealised profits and losses resulting from transactions between the Holding Company and its associates to the extent of its share, to the extent such change is attributable to the associates' Statement of Profit and Loss.
- xi) The consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances.

2.4. Current and non-current classification

All assets and liabilities are presented in the Balance Sheet based on current or non-current classification as per Group's normal operating cycle and other criteria set out in the division II of Schedule III of the Act.

Based on the nature of products and the time between the acquisition of assets for processing and their realisation, the Group has ascertained its operating cycle as twelve months for the purpose of current/ non-current classification of assets and liabilities.

2.5. Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). The financial statements are presented in Indian Rupee (INR), which is the Holding Companies functional and presentation currency. All amounts are rounded to the nearest rupees in lakhs.

2.6. Use of significant accounting estimates, judgements and assumptions

The preparation of the financial statements requires management to make estimates, judgements and assumptions that affect the reported balances of assets and liabilities, disclosure of contingent liabilities as on the date of financial statements and reported amounts of income and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements. The application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these financial statements have been disclosed below.

- i) Estimation of useful life of Property, plant and equipment (refer note no 2.9)
- ii) Estimation of useful life of intangible assets (refer note no 2.11)
- iii) Impairment of goodwill (refer note no. 2.12)
- iv) Impairment of Property, plant and equipment and Capital work-in-progress (refer note no 2.14)
- v) Estimation of provisions and contingent liabilities (refer note 2.19)
- vi) Estimation of defined benefit plan and other long term benefits (refer note no 2.20)
- vii) Fair value measurement for financial instruments (refer note no 2.30)

2.7. Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable and represents amounts receivable for services or goods provided in the normal course of business.

Sales of goods are recognized when significant risks and rewards of ownership of the goods have passed to the buyer and there is no continuing effective control or managerial involvement with the goods. Amounts disclosed as revenue are inclusive of excise duty and net of other indirect taxes, discounts, rebates, expiry claims and sales returns.

Income from services including commission income and product development revenue is recognized when the services are rendered or when contracted milestones have been achieved and is recorded net of indirect taxes.

Export entitlements are recognised as income when right to receive credit as per the terms of the scheme is established in respect of the exports made and where there is no significant uncertainty regarding the ultimate collection of the relevant export proceeds.

Interest income on financial assets is recognised using the effective interest rate.

Dividend income is recognized when the Group's right to receive the payment is established, it is probable that the economic benefits associated with the dividend will flow to the Group and the amount of dividend can be measured reliably.

Rental income on investment properties given under operating lease arrangements is recognized on straight line basis over the lease term in accordance with terms of agreement. Rental income is recorded net of indirect tax and expenses which are directly attributable to investment properties.

2.8. Taxes

Income Tax expenses for the year comprises of current tax, deferred tax charge or credit, minimum alternate tax credit and adjustments of taxes for earlier years that may become necessary due to certain developments or reviews during the relevant period. In respect of amounts adjusted outside statement of profit or loss (i.e. in other comprehensive income or equity), the corresponding tax effect, if any, is also adjusted in other comprehensive income or in equity and not in statement of profit or loss.

Current tax

Provision for current tax is made as per the provisions of governing tax laws. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where applicable.

Current tax assets and current tax liabilities are offset when there is legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis.

Minimum Alternate Tax Credit

The Group recognizes tax credits in the nature of Minimum Alternative Tax (MAT) credit as an asset only to the extent that there is convincing evidence that the Group will pay normal tax during the specified period, i.e., the period for which tax credit is allowed to be carried forward. In the year in which the Group recognizes tax credits as an asset, the said asset is created by way of tax credit to the statement of profit and loss.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax liabilities are recognised for all taxable temporary differences, and deferred tax assets are recognised for all deductible temporary differences, carry forward tax losses and allowances to the extent that it is probable that future taxable profits will be available against which those deductible temporary differences, carry forward tax losses and allowances can be utilised.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxation authority.

Deferred tax assets are recognised only to the extent that it is probable that future taxable profit will be available against which such deferred tax assets can be utilized. In situations where the Group has unused tax losses and unused tax credits, deferred tax assets are recognised only if it is probable that they can be utilized against future taxable profits. Deferred tax assets are reviewed for the appropriateness of their respective carrying amounts at each Balance Sheet date.

Deferred tax liabilities arising out of temporary differences associated with investment in subsidiaries and associates, are not recognised when the Holding Company can control the timing of the reversal of temporary difference and it is probable that the temporary difference will not reverse in foreseeable future.

At each reporting date, the Group re-assesses unrecognised deferred tax assets. It recognises previously unrecognised deferred tax assets to the extent that it has become probable that future taxable profit allow deferred tax assets to be recovered.

For units which enjoy tax holiday benefit, deferred tax assets and liabilities have been provided for the tax consequences of those temporary differences between the carrying values of assets and liabilities and their respective tax bases that reverse after the tax holiday ends.

Dividend Distribution Tax

Dividend distribution tax arising out of payment of dividends to shareholders under the Indian Income Tax Act regulation are recognized in statement of changes in equity as part of associated dividend payment.

2.9. Property, plant and equipment (Tangible Assets) and depreciation

The Group had applied one time transition exemption of considering the carrying cost on the transition date i.e. 1st April, 2015 as the deemed cost under Ind AS.

Property, plant and equipment are stated at cost of acquisition less accumulated depreciation and accumulated impairment losses, if any. Gross carrying amount of all property, plant and equipment are measured using cost model.

Cost of an item of property, plant and equipment includes purchase price including non - refundable taxes and duties, borrowing cost directly attributable to the qualifying asset, any costs directly attributable to bringing the asset to the location

and condition necessary for its intended use and the present value of the expected cost for the dismantling/decommissioning of the asset.

Cost for subsequent additions comprises the purchase price and any other attributable cost of bringing the asset to its working condition for its intended use. Subsequent expenditures are added to its gross book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance.

The Group identifies and determines cost of each component/part of the plant and equipment separately, if the component/part has a cost which is significant to the total cost of the plant and equipment and has useful life that is materially different from that of the remaining plant and equipment.

Pre-operation expenses and trial runs (net of revenue) and borrowing cost directly attributable to the cost of construction of the qualifying asset are treated as part of the project cost and are capitalized / allocated to the cost of asset in the year in which the project is completed. Administrative and other expenses which are not directly related to construction are charged to statement of profit and loss.

Gains or losses arising from derecognition of tangible property, plant and equipment are recognised in the Statement of Profit and Loss.

Depreciation is provided on all assets (other than free hold land and capital work-in-progress), on pro-rata basis, using following methods based on the respective estimate of useful lives as given below.

- a) Straight-Line Method on buildings, plant and machinery, computers and servers
- b) Written Down Value Method on other property, plant and equipments

The management believes that useful lives currently used is as prescribed under Part C of Schedule II to the Indian Companies Act, 2013, fairly reflect its estimate of the useful lives and residual values of property, plant and equipment.

Estimated useful lives of the PPEs are as follows:

Nature of assets	Useful life
Leasehold land	Over lease period [30 to 90 years]
Factory buildings on leasehold land	Lower of 30 years or balance lease period
Buildings on freehold land	30 to 60 years
Plant and equipments [other than continuous processing assets]	10 to 15 years
Plant and equipments [continuous processing assets]	20 years
Furniture and fixture	5-10 years
Vehicles	8 years
Office equipments	3-5 years

The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

Advances paid towards the acquisition of property, plant and equipment outstanding at each Balance Sheet date is classified as capital advances under "Other non-current assets". Cost of assets under construction / acquisition / not put to use at the Balance sheet date are disclosed under "Capital work-in-progress".

2.10. Computer software's / licenses

Consolidated software's / licenses cost is fully charged off to Statement of Profit and Loss in the year of expenditure. These software's / licenses are for administrative purposes.

2.11. Intangible Assets and amortization

Intangible assets acquired separately are measured at cost of acquisition. Following initial recognition, intangible assets are carried at cost less accumulated amortization and impairment losses, if any. Intangible assets comprise licence submission fees which are amortised over their estimated useful economic life (expected to be about 5 years) from commencement of marketing. The estimated useful life of amortizable intangibles is reviewed at the end of each reporting period and change in estimates if any are accounted for on a prospective basis.

2.12. Goodwill

Goodwill represents the excess of the consideration paid to acquire a business over underlying fair value of the identified assets acquired. Goodwill is carried at cost less accumulated impairment losses, if any. Goodwill is deemed to have an indefinite useful life and is tested for impairment annually or when events or circumstances indicate that the implied fair value of goodwill is less than its carrying amount.

For the purposes of impairment testing, goodwill is allocated to each of the Group's cash-generating units (CGUs) that is expected to benefit from the synergies of the combination. Where goodwill has been allocated to a cash-generating unit and part of the operation within that unit is disposed of, the goodwill associated with the disposed operation is included in the carrying amount of the operation when determining the gain or loss on disposal. Goodwill disposed in these circumstances is measured based on the relative values of the disposed operation and the portion of the cash-generating unit retained.

2.13. Non-Current assets held for sale and discontinued operations

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable. They are measured at the lower of their carrying amount and fair value less costs to sell, except for assets such as deferred tax assets, assets arising from employee benefits and financial assets which are specifically exempt from this requirement.

An impairment loss is recognised for any initial or subsequent write-down of the asset (or disposal group) to fair value less costs to sell. A gain is recognised for any subsequent increases in fair value less costs to sell of an asset (or disposal group), but not in excess of any cumulative impairment loss previously recognised. A gain or loss not previously recognised by the date of the sale of the non-current asset (or disposal group) is recognised at the date of de-recognition.

Non-current assets (including those that are part of a disposal group) are not depreciated or amortised while they are classified as held for sale.

Non-current assets and liabilities classified as held for sale are presented separately from the other assets and liabilities in the balance sheet.

A discontinued operation is a component of the entity that has been disposed of or is classified as held for sale and that represents a separate major line of business or geographical area of operations, is part of a single co-ordinated plan to dispose of such a line of business or area of operations. The results of discontinued operations are presented separately in the Statement of Profit and Loss.

2.14. Impairment of non-financial assets

The carrying amounts of assets are reviewed at each balance sheet date for any indication of impairment based on internal / external factors. An impairment loss is recognised wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the higher of a) fair value of assets less cost of disposal and b) its value in use. Value in use is the present value of future cash flows expected to derive from an assets or Cash-Generating Unit (CGU).

Based on the assessment done at each balance sheet date, recognised impairment loss is further provided or reversed depending on changes in circumstances. After recognition of impairment loss or reversal of impairment loss as applicable, the depreciation charge for the asset is adjusted in future periods to allocate the asset's revised carrying amount, less its residual value (if any), on a systematic basis over its remaining useful life. If the conditions leading to recognition of impairment losses no longer exist or have decreased, impairment losses recognised are reversed to the extent it does not exceed the carrying amount that would have been determined after considering depreciation / amortisation had no impairment loss been recognised in earlier years.

2.15. Research and development expenditure

Revenue expenditure pertaining to research is charged to the Statement of Profit and Loss. Development costs of products are also charged to the Statement of Profit and Loss unless a product's technical feasibility has been established, in which case such expenditure is capitalized.

Development expenditures on an individual project are recognised as an intangible asset when the Group can demonstrate:

- The technical feasibility of completing the intangible asset so that the asset will be available for use or sale.
- Its intention to complete and its ability and intention to use or sell the asset.
- How the asset will generate future economic benefits.
- The availability of resources to complete the asset.
- The ability to measure reliably the expenditure during development.

The amount capitalized comprises expenditure that can be directly attributed or allocated on a reasonable and consistent basis to creating, producing and making the asset ready for its intended use. Property, plant and equipment utilized for research and development are capitalized and depreciated in accordance with the policies stated for Property, plant and equipment and depreciation.

2.16. Foreign currency transactions

Transactions denominated in foreign currencies are recorded at the exchange rates prevailing on the date of the transaction. As at the Balance Sheet date, foreign currency monetary items are translated at closing exchange rate. Exchange difference arising on settlement or translation of foreign currency monetary items are recognised as income or expense in the year in which they arise.

Foreign currency non-monetary items which are carried at historical cost are reported using the exchange rate at the date of transactions. Foreign currency non-monetary items which are measured at fair value are reported using the exchange rate at the date when the fair value is determined. Exchange difference arising on fair valuation of non-monetary items is recognised in line with the gain or loss of item that give rise to such exchange difference (i.e. translation differences on items whose gain or loss is recognised in statement of profit and loss or other comprehensive income is also recognised in statement of profit or loss or other comprehensive income respectively).

2.17. Leases

Leases in which a substantial portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments and receipts under such leases are recognised to the Statement of Profit and Loss on a straight-

line basis over the term of the lease unless the lease payments to the lessor are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases, in which case the same are recognised as an expense in line with the contractual term. Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards incidental to ownership to the lessee

2.18. Inventories

Inventories consists of raw materials, packing materials, stores and spares, stock-in-trade, work-in-progress and finished goods. Inventories of raw materials, packing material, stores and spares are valued at cost and other inventories are valued at lower of cost and net realisable value after providing for obsolete / slow moving items. Cost is determined on weighted average basis.

Cost includes cost of purchase, non-refundable taxes and other costs / overheads incurred in bringing the inventories to their present location and condition.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be used are expected to be sold at or above cost.

2.19. Provisions, contingent liabilities and contingent assets

A provision is recognised when the Company has a present obligation (legal or constructive) as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. If the effect of time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risk specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources. When there is a possible obligation or a present obligation in respect of which likelihood of outflow of resources is remote, no provision or disclosure is made.

Contingent assets are not recognised and disclosed only when an inflow of economic benefits is probable.

2.20. Employee benefits

i) Short-term employee benefit

All employee benefits falling due wholly within twelve months after the end of the reporting period are classified as short term employee benefits and they are recognised as an expense at the undiscounted amount in the statement of profit and loss in the period in which the employee renders the related service.

ii) Post-employment benefits

a. Defined contribution plan

The Group contributes fixed contribution to a government administered fund and will have no legal or constructive obligation to pay further contribution.

Certain employees of the Holding Company are participants in Superannuation plan. The Holding Company has no further obligations to the Superannuation plan beyond its monthly contributions which are periodically contributed to "Unichem Laboratories Limited Employees Superannuation Fund Trust", the corpus of which is invested with the Life Insurance Corporation of India.

The Group's contribution to defined contribution plans are recognised in the statement of profit and loss in the period in which the employee renders the related services.

b. Defined benefit plan

The Holding Company provides for gratuity, a defined benefit retirement plan ('the Gratuity Plan') covering eligible employees. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment with the Holding Company.

Liabilities with regard to the Gratuity Plan are determined by actuarial valuation, performed by an independent actuary, at each Balance Sheet date using the projected unit credit method. The Holding Company fully contributes all ascertained liabilities to "Unichem Laboratories Limited Employees Gratuity Fund Trust", the corpus of which is invested with the Life Insurance Corporation of India.

The current service cost and interest on the net defined benefit liability / (asset) is recognized in the statement of profit and loss. Past service cost are immediately recognized in the statement of profit and loss. Actuarial gains and losses net of deferred taxes arising from experience adjustment and changes in actuarial assumptions are recognized in other comprehensive income and are not reclassified to statement of profit or loss in subsequent periods. Gains or losses on the curtailment or settlement of defined benefit plan are recognised when the curtailment or settlement occurs.

iii) Other long-term benefits

The Holding Company has other long-term benefits in the form of leave benefits. The present value of the obligation is

determined based on actuarial valuation using the projected unit credit method carried out by independent actuary. Actuarial gains or losses arising on account of experience adjustment and the effect of changes in actuarial assumptions are recognised immediately in the statement of profit and loss as income or expense. Gains or losses on the curtailment or settlement of other long-term benefits are recognised when the curtailment or settlement occurs.

2.21. Equity settled share-based payments

Equity-settled share based payments to employees are measured at the fair value (i.e. excess of fair value over the exercise price of the option) of the Employee Stock Options Plan at the grant date. The fair value of option at the grant date is calculated by Black-Scholes model. In case the options are granted to employees of the Holding company, the fair value determined at the grant date is expensed on a straight line basis over the vesting period, based on the Holding Company's estimate of options that will eventually vest, with a corresponding increase in equity. In case of the options granted to employees of subsidiaries, the fair value of options granted to employees of the subsidiary companies are considered as capital contribution / investment.

The dilutive effect of outstanding options is reflected in determining the diluted earnings per share.

2.22. Operating Segments

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker (CODM). Operating Segments are defined as components of an enterprise for which discrete financial information is available that is evaluated regularly by the CODM, in deciding how to allocate resources and assessing performance.

2.23. Borrowing costs

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalized as part of the cost of the respective asset till such time the asset is ready for its intended use or sale. A qualifying asset is an asset which necessarily takes a substantial period of time to get ready for its intended use or sale. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest expenses calculated as per effective interest method, exchange difference arising from foreign currency borrowings to the extent they are treated as an adjustment to the borrowing cost and other costs that an entity incurs in connection with the borrowing of funds.

2.24. Government grants

Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the Group will comply with its conditions.

Government grants relating to income are recognised in the statement of profit and loss over the period necessary to match them with the costs that they are intended to compensate.

Government grants relating to the assets are credited in the statement of profit and loss over the expected useful life of the assets.

When loans or similar assistance are provided by governments or related institutions, with an interest rate below the current applicable market rate, the effect of this favourable interest is regarded as a government grant. The loan or assistance is initially recognised and measured at fair value and the government grant is measured as the difference between the fair value of the loan and the proceeds received.

2.25. Dividend distribution

Final equity dividends on shares are recorded as a liability on the date of approval by the shareholders and interim equity dividends are recorded as a liability on the date of declaration by the Holding Company's Board of Directors.

2.26. Share Capital

Ordinary shares are classified as equity. Transaction cost related to buy-back of equity shares is reduced from the retained earnings / reserves, net of tax effects.

2.27. Earnings per equity share

The Basic earnings per equity share is computed by dividing the net profit after tax for the year attributable to the equity shareholders of the Holding Company by weighted average number of equity shares outstanding during the year.

Diluted earnings per equity share are computed by dividing the net profit attributable to equity holders of the Holding Company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period unless issued at a later date.

The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, share split, etc.

2.28. Cash and cash equivalents

Cash and cash equivalents in the Balance Sheet comprise cash at banks and on hand and short term deposits, which are subject to an insignificant risk of changes in value.

For the purpose of the Statement of Cash Flows, cash and cash equivalents consist of cash and short term deposits, net of outstanding bank overdrafts, if any, as they are considered an integral part of the Group's cash management.

2.29. Cash flow statement

Cash Flows are reported using Indirect Method, whereby profit for the year is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Group are segregated.

2.30. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit and loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability. The transaction costs directly attributable to the acquisition of financial assets and financial liabilities at fair value through profit and loss are immediately recognised in the statement of profit and loss.

Effective interest method:

The effective interest method is a method of calculating the amortised cost of a financial instrument and of allocating interest income or expense over the relevant period. The effective interest rate is the rate that exactly discounts future cash receipts or payments through the expected life of the financial instrument, or where appropriate, a shorter period.

Financial assets:**Cash and bank balances**

Cash and cash equivalents include cash in hand, bank balances, deposits with banks (other than on lien) and all short term highly liquid investments / mutual funds (with zero exit load at the time of investment) that are readily convertible into known amounts of cash and are subject to an insignificant risk of changes in value. Other bank balances includes balances and deposits with bank that are restricted for withdrawal and usage.

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets measured at fair value

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows or to sell these financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

In respect of equity investments (other than joint ventures) which are not held for trading, the Group has made an irrevocable election to present in other comprehensive income subsequent changes in the fair value of such equity instruments. Such an election is made by the Group on an instrument by instrument basis at the time of initial recognition of such equity investments.

Financial asset not measured at amortised cost or at fair value through other comprehensive income is carried at fair value through the statement of profit and loss.

Impairment of financial assets

The Group recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognized as an impairment gain or loss in profit or loss.

De-recognition of financial assets

The Group de-recognises a financial asset only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all risks and rewards of ownership of the asset to another entity. If the Group neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Group recognises its retained interest in the assets and an associated liability for amounts it may have to pay. If the Group retains substantially all the risks and rewards of ownership of a transferred financial asset, the Group continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

Financial liabilities and equity instruments:**Classification as debt or equity**

Financial liabilities and equity instruments issued by the Holding Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Holding Company after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

Financial liabilities

Trade and other payables are initially measured at fair value, net of transaction costs, and are subsequently measured at amortised cost, using the effective interest rate method where the time value of money is significant. Interest bearing bank loans and overdrafts are initially measured at fair value and are subsequently measured at amortised cost using the effective interest rate method. Any difference between the proceeds (net of transaction costs) and the settlement or redemption of borrowings is recognised over the term of the borrowings in the statement of profit and loss.

De-recognition of financial liabilities

The Group de-recognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or they expire.

2.31. New Ind AS issued but not effective as at Balance Sheet date

The following standards issued / modified by MCA become effective w.e.f. 1st April 2018.

Particulars	Effective date
New Ind AS issued	
Ind AS 115 – Revenue from contracts with customers	1st April 2018
Modification to existing Ind Accounting Standard	
Ind AS 12 – Income Taxes	1st April 2018
Ind AS 21 – The effects of changes in foreign exchange rates	1st April 2018
Ind AS 28 – Investments in associates and joint ventures	1st April 2018
Ind AS 40 – Investment property	1st April 2018
Ind AS 112 – Disclosure of interest in other entities	1st April 2018

The Group is assessing the potential impact of above amendments on the financial statements. The management presently is of the view that it would not have a material impact on the financial statements.

2.32. Amendments in Ind AS and its impacts on financial statements

Amendment to Ind AS 102 Share Based Payment: Effective 1st April, 2017, the Group adopted amendment to Ind AS 102 which provides specific guidance to measurement of cash-settled awards, modification of cash-settled awards and awards that include a net settlement feature in respect of withholding taxes. The adoption of amendment did not have any material impact on the financial statements.

Amendments to Ind AS 7 Statements of Cash Flows: Effective 1st April, 2017, the Group adopted the amendment to Ind AS 7, which require the entities to provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities, including both changes arising from cash flows and non-cash changes, suggesting inclusion of a reconciliation between the opening and closing balances in the Balance Sheet for liabilities arising from financing activities, to meet the disclosure requirement. The adoption of amendment did not have any material impact on the financial statements.

- Certain property plant and equipments hypothecated /mortgaged as security for borrowing as disclosed under note 37(b) & (c).
- The Group tests goodwill for impairment annually and provides for impairment if the carrying amount of goodwill exceeds its recoverable amount. The recoverable amount is determined based on "value in use" calculations which is calculated as the net present value of forecasted cash flows of cash generating unit (CGU) to which the goodwill is related. Key assumptions are as follows:
 - Projected cash flows for five years
 - Long term growth rate depending on macro-economic growth factors.
 - Discount rate reflecting current market assessment of the risks specific to the CGU.

Addition to Fixed assets and CWIP includes ₹ 445.78 Lakhs (Previous year ₹ 548.38 Lakhs) being expenditure on Research and Development as under:

* includes ₹ 120.58 lakhs (P.Y ₹109.19 Lakhs) paid under protest/deposit pending adjudication under Income tax Act,1961 and Central Excise Act 1944.

- (iv) Claims made by the ex-employees of the Holding Company whose services have been terminated in earlier years are not acknowledged as debts, the exact liability, whereof is not ascertainable. The matters are disputed under various forums. However in the opinion of the management, these claims are not tenable.

35 On 9th July, 2014, the European Commission (“EU”) decided to impose an unjustified fine of € 13.97 million (equivalent to ₹ 11,267.85 lakhs), jointly and severally on the Holding Company and its subsidiary Niche Generics Ltd (“Niche”) contending that they had acted in breach of EU competition law as Niche Generics Ltd had, in early 2005 (when the Holding Company was only a part owner and financial investor in Niche) had agreed to settle a financially crippling patent litigation with Laboratories Servier. The Holding Company vehemently denies any wrongdoing on the part of either itself or Niche. Both the Holding Company & Niche have submitted appeal in September 2014 to the EU General Court seeking appropriate relief in the matter. The outcome of the appeal is likely to follow some months after (early 2018 at the earliest), as advised by lawyers of the Niche. The appeal process before EU Courts is very slow and as this is a very complex matter, it is possible that the case may take even longer to be concluded. Pending outcome of the appeal a sum of ₹ 773.87 lakhs (P.Y. ₹ 517.25 lakhs) has been deposited with EU commission, and the same is refundable on favourable outcome of the matter. This amount paid is grouped under Note-8 other non-current assets in financial statements.

36 Estimated amount of Contracts remaining to be executed (Net of Advances) on Capital account ₹ 3,257.12 lakhs (P.Y. ₹ 5,334.17 lakhs) and on other revenue accounts ₹ 13,104.27 lakhs (P.Y. ₹ 14,574.59 lakhs) are not provided for.

Other long term benefits comprises of leave entitlements to the employees. This benefit is partly funded by the Company.

Bifurcation of liability as per schedule III of the Companies Act 2013 :

(₹ in Lakhs)

Particulars	Gratuity		Leave entitlements	
	As at 31st March, 2018	As at 31st March, 2017	As at 31st March, 2018	As at 31st March, 2017
Current Liability	175.11	319.59	291.18	408.41
Non-Current Liability	-	562.93	1,075.90	1,969.68
Net Liability	175.11	882.52	1,367.08	2,378.09

The principal assumptions used in determining gratuity benefit obligations for the Company's plans are shown below:

Particulars	Gratuity	
	As at 31st March, 2018	As at 31st March, 2017
Discount rate	% 7.30%	% 6.90%
Salary growth rate	9.00%	7.00%
Expected rate of return on Plan assets	7.35%	6.90%
Withdrawal rate	15% at younger ages reducing to 2% at older ages	15% at younger reducing to 2% at older ages

The estimates of future salary increases considered in actuarial valuation take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market. The discounting rate is based on material yield on government bonds having currency and terms consistent with the currency and terms of post-employment benefit obligations. The overall expected rate of return on assets is based on the LIC structure of interest rates on gratuity funds.

The following tables summarise the funded status and amounts recognised in the balance sheet for gratuity.

Sensitivity analysis:

Assumptions	Change in assumptions		Increase/(decrease) in defined benefit obligation	
	Increase/decrease	Percentage	2017-2018	2016-2017
Discount rate	Increase by	5%	-2.53%	-2.90%
	Decrease by	5%	2.70%	3.10%
Salary growth rate	Increase by	5%	2.65%	3.10%
	Decrease by	5%	-2.50%	-2.90%
Withdrawal rate	Increase by	10%	-0.66%	-0.51%
	Decrease by	10%	0.71%	0.52%

The above sensitivity analysis are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet. The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

These plans typically expose the holding Company to actuarial risks such as: investment risk, interest risk, longevity risk and salary risk.

Investment risk : The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds.

Interest risk : A decrease in the bond interest rate will increase the plan liability; however, this will be partially offset by an increase in the return on the plan debt investments.

Longevity risk : The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Salary risk : The present value of the defined plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

Expected contribution and weighted average duration for defined benefit obligation

Particulars	2017-2018	2016-2017
Expected contribution for the next year (Rs Lakhs)	500.00	350.00
Weighted average duration for defined benefit obligation (years)	5.23	6.15

Asset-liability matching strategies

The trustees of the plan have outsourced the investment management of the fund to an insurance company. The insurance company in turn manages these funds as per the mandate provided to them by the trustees and the asset allocation which is within the permissible limits prescribed in the insurance regulations. Due to the restrictions in the type of investments that can be held by the fund, it may not be possible to explicitly follow an asset-liability matching strategy to manage risk actively in a conventional fund.

ii) Fair value hierarchy

The financial instruments are categorized into three levels based on the inputs used to arrive at fair value measurements as described below:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: Valuation techniques for which lowest level input that is significant to the fair value measurement is directly or indirectly observable;

Level 3: Valuation techniques for which lowest level input that is significant to the fair value measurement is directly or indirectly unobservable;

The following tables categorise the financial assets and liabilities held at fair value by the valuation methodology applied in determining their fair value.

Determination of fair values:

The following are the basis of assumptions used to estimate the fair value of financial assets and liabilities that are measured at fair value on recurring basis :

Investment in mutual funds :

The fair values represent net asset value as stated by the issuers of these mutual fund units in the published statements. Net asset values represent the price at which the issuer will issue further units in the mutual fund and the price at which issuers will redeem such units from the investors.

Equity investments :

Equity investments traded in an active market determined by reference to their quoted market prices. Other equity investments where quoted prices are not available, fair values are determined by reference to the expected discounted cash flows from the underlying net assets or current market value of net assets.

Derivative instruments :

For forward contracts and cross currency interest rate swaps, future cash flows are estimated based on forward exchange rates and forward interest rates (from observable forward exchange rates / yield curves at the end of the reporting period) and contract forward exchange rates and forward interest rates, discounted at a rate that reflects the credit risk of respective counterparties.

50 FINANCIAL RISK MANAGEMENT

The Group's activities are exposed to variety of financial risks. These risks include market risk (including foreign exchange risk and interest rate risks), credit risks and liquidity risk. The Group's overall risk management program seeks to minimize potential adverse effects on the financial performance of the Group through established policies and processes which are laid down to ascertain the extent of risks, setting appropriate limits, controls, continuous monitoring and its compliance.

Market risk:

Market risk refers to the possibility that changes in the market rates may have impact on the Group's profits or the value of its holding of financial instruments. The Group is exposed to market risks on account of foreign exchange rates, interest rates and underlying equity prices.

Foreign currency exchange rate risk:

The Group's foreign currency risk arises from its foreign operations, investments in foreign subsidiaries and foreign currency transactions. The fluctuation in foreign currency exchange rates may have potential impact on the income statement and equity, where any transaction references more than one currency or where assets/liabilities are denominated in a currency other than the functional currency of the respective consolidated entities. Since a major part of the group's operating revenue is in foreign currency and major part of the costs are in Indian Rupees, any movement in currency rates would have impact on the group's performance. Consequently, the overall objective of the foreign currency risk management is to minimize the short term currency impact on its revenue and cash-flow in order to improve the predictability of the financial performance. The major foreign currency exposures for the group are denominated in USD & EURO. Additionally, there are transactions which are entered into in other currencies and are not significant in relation to the total volume of the foreign currency exposures. The group hedges trade receivables upto a maximum of 6 months forward based on historical trends. Hedge effectiveness is assessed on a regular basis. The following table sets forth information relating to foreign currency exposure from USD, EUR and other currencies (which are not material) from non-derivative financial instruments:

Interest Rate Risk:

Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair values of fixed interest bearing investments because of fluctuations in the interest rates and where the borrowings are measured at fair value through profit or loss. Cash flow interest rate risk is the risk that the future cash flows of floating interest bearing investments or borrowings will fluctuate because of fluctuations in the interest rates.

Exposure to interest rate risk

The Holding Company adopts a policy of ensuring that maximum of its interest rate risk exposure is at a fixed rate and there are no financial instruments with floating interest rates.

Credit risk:

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Financial instruments that are subject to concentrations of credit risk materially consists of trade receivables, investments and derivative financial instruments.

All trade receivables are subject to credit risk exposure. The group's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer, including the default risk of the industry and country, in which the customer operates, also has an influence on credit risk assessment. Credit risk is managed through established policies, controls relating to credit approvals and procedures for continuously monitoring the creditworthiness of customers to which the group grants credit terms in the normal course of business.

The group uses expected credit loss model to assess the impairment loss or gain. The group uses a provision matrix to compute the expected credit loss allowance for trade receivables and unbilled revenues. The group does not have significant concentration of credit risk related to trade receivables. No single third party customer contributes to more than 10% of outstanding accounts receivable as of 31st March 2018 and 31st March 2017.

The Group limits its exposure to credit risk by generally investing in liquid securities having and only with counterparties that have a good credit rating. The Group does not expect any losses from non- performance by these counter-parties, and does not have any significant concentration of exposures to specific industry sectors. Refer note no. 11 for movement in expected credit loss allowance.

Liquidity risk:

Liquidity risk refers to the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Group generates cash flows from operations to meet its financial obligations, maintains adequate liquid assets in the form of cash & cash equivalents and has undrawn short term line of credits from banks to ensure necessary liquidity.

Capital Management

Equity share capital and other equity (other than ESOP Reserve and Other comprehensive income) are considered for the purpose of Group's capital management. There are no externally imposed capital requirements on the Group. The Group's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. The Group monitors the return on capital as well as the level of dividends on its equity shares. The Group's objective when managing capital is to maintain an optimal structure so as to maximize shareholder value.

The Group is predominantly equity financed. Further, the Group's current assets has always been higher than the liabilities. Also current assets includes cash and bank balances along with investment which is predominantly investment in liquid and short term mutual funds being far in excess of borrowings / debt.

No changes were made in the objectives, policies or processes for managing capital during the year ended 31st March, 2018 and 31st March, 2017.
